

Adjustable Cutoff Accessory **MODEL AC5**  
Adjustable MR11 Cutoff Accessory

**Specifications:**

**Construction:** Machined from 6061-T6 aluminum, C36000 brass, or 304 stainless steel to slide over an FL2 cap (Styles C1, C2, and C3) to allow for adjustable light cutoff. An 18-8 stainless steel flat point set screw allows for locking of adjustable cap without marring finish on the FL2. Drain channel between adjustable cap and FL2 cap allows water to flow out of cap through weep hole.

**Finish:** TGIC thermo set polyester powder coat paint available in 14 standard colors. On aluminum model, finish is applied over a corrosion resistant chromate conversion coating. Aluminum model available in one additional metal finish: Clear Anodized. Brass model available in three additional metal finishes: Natural, Polished, and Aged. Stainless steel model available in three additional metal finishes: Natural, Polished, and Brushed.
