

## Alia Metal Bench

The Alia Metal bench owes its striking appearance to three exquisite elements—steel base, wood frame, and fine upholstery—and how they balance one another visually. An invitingly plush upholstered cushion further enhances the bench’s welcoming form.

### Specifications

The stainless steel bench is available in 4 lengths with an upholstered seat. The base is constructed of maple veneer supported by a welded and smoothed stainless steel base, available in Polished, Satin or Statuary Bronze. The seat is 4" thick multi-density polyurethane foam wrapped in Dacron®. Catalyzed lacquer finish in all Cumberland Maple finishes. The 48" w upholstered top has a double-stitch seam in the center across the depth. The 60" and 72" w upholstered top has two double-stitch seams across the depth.

### Options – Specify:

Wood Surround: Maple is standard; Option A Exotic wood is available for an additional \$400 list charge per bench.  
 Finishes: Standard and custom finishes  
 Upholstery: Com/Col, Fabric and Elmo Leather program  
 Metal: Polished or Satin Stainless Steel. Statuary Bronze is also available at an additional charge of \$375 list per item.

### Notes on the optional use of Option A Woods and Finishes

Option A Woods are species, not finishes. By default, they are offered as shown on the samples and in the finish selector with little or no stain added, to show their natural beauty. Option A Woods can also be finished in the standard MP-Finishes, as long as the Option A Wood is lighter than the standard finish you select.

**Refer to Finish Selector for available finish selections and limitations**

**Refer to pages 80–82 for more information on graded fabrics and leathers**

**Updated:** 06/04/2007
