- c) Describe COM fabric, including manufacturer and model number.

Luna Francis Montesinos

A collection initially comprising two references: a chair and an armchair, inspired by the classic, bourgeois upholstered pieces from the early 20th century. Now more

contemporary, lighter and with more character, this new family being presented brings a certain Arab and Mediterranean touch while retaining the genuine spirit of

chairs designed to enrich any habitat. Available in all the finishes featured in the Andreu World catalogue and in the exclusive upholstery of the Montesinos Alama firm.
