Smile Lievore, Altherr, Molina

Romantic, somewhere between the Orient and the Occident, Smile is a memory-lane chair that smiles at us from an imaginary space in between the classic references. Made in wood, the Smile

collection is characterised by its shared visual lightness, structural sturdiness and multifacetedness, suitable for both contract and home use, all as a result of a direct in contemporary

language. The family comprises a stackable chair and carver, both models with 2 back versions: slats or board. Presented in the entire series of finishes in our catalogue.
