THE PRAT TABLE FROM DAVIS

PRAT...add power or data

All tables may be ordered with optional power or power/data unit. There is a metal channel under the table to manage the wires. The power plug feeds out of the side leg to plug into a floor monument.

PRAT...clean lines with broad market appeal

Davis offers a standard solution to the dilemma of the custom Parson table with the PRAT Table Series. This table has a broad range of functions…from elegant restaurants to wi-fi cafés. The mitered joints and excellent craftsmanship sets this table apart from the typical offerings.

Three standard size tables are available at 42" high, 29" deep with lengths at 59", 89" or 119". There are five standard veneers - beech, maple, oak, walnut, and zebrano. Solid and wood grain laminates are also offered on these tables. Customs are available upon request.
