MILANO...comfort, elegance in a variety of styles

This newest series from Wolfgang C.R. Mezger incorporates uncompromising design with patented technology that makes it possible to bend plywood to its extreme. MilanoLight exhibits this dynamic design in it's wood and laminate shell styles.

The frames used in these series have mitered corners and unique arm connection that also demonstrate high quality craftsmanship.

MilanoLight

MilanoLight...

side, stacking, or bar stool

The MilanoLight side chair makes a minimalist statement, yet it provides comfort, as well as, variety.

Five shell styles offered —

Wood Veneer - beech, maple, oak

Laminate - white

Seat Liner - wood and laminate

Upholstered Insert - wood only

Fully Upholstered

Arm and armless chairs are available in all shell styles. Bar Stools are offered in wood veneer, laminate, seat liner, or fully upholstered.

All fully upholstered chairs have an interior wood shell with a seat opening that has 3" wide elastic webbing woven and fastened to the seat frame. This technique offers support and extra comfort.

Chairs may be stacked ten high in wood and laminate, and eight high with upholstery treatments. A hand cart for transportation is also available.

MilanoLight...perfect scale

The light scale of this chair makes it the perfect multi-purpose seating choice.

Armless chair dimensions — 19" W x 21 1/2" D x 32 5/8" H

Arm chair dimensions — 21 7/8" W x 21 1/2" D x 32 5/8" H

Bar Stool dimensions — 16 5/8" W x 19" D x 42 3/4" H

Because these chairs are multi-purpose there are four glides offered. Standard are the black plastic glides with a white nylon tip for multi-purpose surfaces. Optional glides are available — metal glides for carpet, felt glides for wood floors, and noise reduction glides for hard surface floors.

MilanoSoft...side seating

MilanoSoft is a larger scaled chair that is perfect guest seating for a desk, small conference, hospitality, retail, and small lounge. The arm or armless chairs are offered only in fully upholstered versions. The interior wood shell has an opening with 3" wide elastic webbing woven and fastened to seat frame adding extra comfort.

Four leg chairs are offered standard with black plastic glides and optional metal or felt glides are available for carpet or hardwood floors respectively. Cantilever chairs are standard with black plastic glides and have only the felt glides as an option.

Milano Lounge...

small scale with full support

To round off the program, a full collection of lounge seating and tables were created. The seating is slightly larger than the MilanoSoft Series with an armless chair, arm chair, ottoman, love seat, cocktail table and side table.

The seating is only offered in fully upholstered units. They have the same interior wood frames with supportive webbing in the seats.

Tables are available in beech, maple, and oak veneer with solid wood edging. All Davis' Standard Wood Finishes are offered.

Chairs, love seats, ottoman, and tables are standard with black plastic glides, and optional metal or felt glides may be specified.

All frames are offered in chrome or standard Powdercoate Finishes.
