PALETTE...scaled to accommodate

The lounge area is becoming more than a waiting room. It's an environment that must accommodate people as they work and interact. The Palette Lounge Series, designed by Wolfgang C.R. Mezger, offers a plethora of solutions for the waiting/working environment.

Its generous seats, along with tablet and table options, create comfortable one, two, or three seat units that may be used separately or joined together by connecting pallet tables.

PIVOTING FREESTANDING TABLE...

Offers a mix of glass and wood with a multi-dimensional design that allows special positioning of tops.

shown front to back:

PA-7401-GL-CC-SI Pivoting Freestanding Table; PA-7002-CC-SI Two Module Pallet with PA-7103 Right Arm Seat and PA-7104 Left Arm Seat; PA-7022-CC-SI 90° Connecting Pallet; PA-7003-CC-SI Three Module Pallet with PA-7103 Right Arm Seat, PA-7102 Armless Seat and PA-7104 Left Arm Seat; PA-7022-CC-SI 90° Connecting Pallet; PA-7002-CC-SI Two Module Pallet with PA-7103 Right Arm Seat and PA-7104 Left Arm Seat; PA-7002-CC-SI Two Module Pallet with PA-7103 Right Arm Seat and PA-7122-GL-SI Round Table with Mount. 4000 Cherry and Silver Finishes.

PALETTE... a solitary place to think

No matter what your lounge requirements are...even a single ottoman unit with a tablet for a solitary place to sit and think... the Palette Lounge Series can fulfill them.

Create a three seat unit with individual tablets for students to review notes before class. Or, design individual units with tablets, electrification/data support, and a comfortable footrest... for a inviting place to work on a laptop.

shown at left: PA-7302-BB-BL Round Ottoman Pallet with Tablet Mount, PA-7106 Ottoman Seat; PA-7120-SP Rotating Tablet Panel (MV-Ebony). 1000 Beech and Black Finishes.

shown below: PA-7003-R-BB-SI Three Module Pallet with Tablet Mount - right handed, one PA-7120-SP Rotating Tablet Panel (MV-Frost), two PA-7121-SP-SI Rotating Tablets with Mounts (MV-Frost), three PA-7104 Left Arm Seats. 1000 Beech and Silver Finishes.

...healthcare seat height

Special height legs and tablets are now available for healthcare use. Contact factory for specifications.

shown below: Two each — PA-7001-R-BB-SI One Module Pallet with Tablet Mount - right handed, PA-7120-SP Rotating Tablet Panel (MV-Frost), PA-7104 Left Arm Seat, PA-7201-SI Power/Communication Module, PA-7301-BB-SI Round Footrest with PA-7105 Footrest Seat. 1000 Beech and Silver Finishes.

ROTATING TABLETS ...

Rotating tablets may be specified on the outside leg of a pallet in a left or right position. They may also be mounted on the pallet between or on the outside edge of seats. Tablet tops are offered in two different materials.

The first material is a solid resin, black core panel (-SP) with colored melamine surface (MV-Ebony and MV-Frost). This resin top is chemical and impact resistant against dents, chips, scratches, and stains. The second material is polished granite (-GR) in the color of PA-Mirage.

The oval tops are scaled large enough to hold a personal lap top computer or your favorite book.

-SP — MV-Ebony

-SP — MV-Frost

-GR — PA-Mirage

PALETTE...shaping the conversation

A uniquely shaped unit in the Palette Series is the Contour Pallet. This piece offers a rounded end pallet with an extra detail in the back creating a chevron effect when two units are placed together. This configuration is perfect for open spaces adding extra dimension and shape.

A rotating tablet may be placed beside the seat or at the flat end on a leg mount. A round table may also be mounted on the end of the pallet to create an additional surface level.

shown at left and above:

PA-7010-MM-BL One Module Right Contour Pallet, PA-7102 Armless Seat, PA-7121-GR-BL Rotating Tablet with Mount (PA-Salt n' Pepper/discontinued).
PA-7011-MM-BL One Module Left Contour Pallet, PA-7102 Armless Seat, PA-7121-GR-BL Rotating Tablet with Mount (PA-Salt n' Pepper/discontinued).
3000 Maple and Black Finishes.

PALETTE...facing the crowd

This series offers extreme versatility in design... including facing seats in opposite directions as shown below. This flexibility in specification allows you to create unique units from a simple bench grouping to a comfortable tandem seat unit that offers more privacy.

The magazine rack option adds storage for literature or magazines, and may be specified in five finishes — Satin Chrome, and Powdercoate in Black, Silver, Matte Black, and Matte Silver.

Pallet mounted tables may be specified instead of a seat cushion. They are offered in four materials — solid core plastic laminate (-SP), polished granite (-GR), glass with an etched underside (-GL), and wood top in beech (-BB), cherry (-CC), and maple (-MM) in all of Davis' standard wood finishes.

CASTERS NOW AVAILABLE —

on all one module pallet units. Two configurations are offered according to application. One style has fixed casters in front and rotating casters at the back. The second style has rotating casters on all legs.

shown below: PA-7001-R-MM-SI with PA-CHCA Chair Caster Option, PA-7301-MM-SI with PA-BECA Bench Caster Option.

shown on page 7: PA-7003-CC-BL Three Module Pallet with PA-7103 Right Arm Seat, PA-7202-BL Magazine Rack, and PA-7103 Right Arm Seat. 5000 Cherry and Black Finishes.
shown above: PA-7002-MM-SI Two Module Pallet with two PA-7101 Bench Seats; PA-7003-MM-SI Three Module Pallet with PA-7122-MM-SI Round Table with Mount and two PA-7101 Bench Seats. 3000 Maple and Silver Finishes.

PALETTE...being connected

For many working lounge areas it is vitally important to gain access to electrical and data sources. Palette offers a modular unit that can be placed almost anywhere under the pallet. This unit slides out for access and contains two electrical plugs and two data connections. Power and data cords are stored in the bottom of the seat, and may extend up to ten feet when necessary. The PA-7201 Power/Communication Module may be specified in five metal finishes.

PALETTE ... simple specifications

Even though the Palette Lounge Series is an extremely versatile modular system, it can be easily specified.

Start with the “pallet” as a foundation in a one, two, or three unit configuration. The pallets are available in beech, cherry, or maple wood and black laminate. If a rotating tablet is desired on either side, then specify the pallet with a left, right, or both side mounts.

If you have selected a pallet with a tablet mount then a Rotating Tablet Panel (PA-7120) in either granite or solid core plastic must be specified.

You are now ready to determine your seat units. They can be specified as a bench seat with no back, armless, and right or left arm units. All designations of “right” and “left” are considered when sitting in the unit.

Options such as round tables and magazine racks can be mounted on the pallet instead of a seat cushion. When specifying the Power/Communication Module option, consider power source access. Standard location of module will be on the side of unit with tablet for easy access.

All you need now is the metal finish and fabric or leather selection and you will have your first Palette unit. Remember, units may be connected together with pallet ganging connectors or pallet table units.

FOUR WAYS TO CREATE A THREE MODULE UNIT

PA-7003-BB-SI Three Module Pallet with three PA-7101 Bench Seats.
1000 Beech and Silver Finishes.

PA-7003-BB-SI Three Module Pallet with PA-7103 Right Arm Seat, PA-7102 Armless Seat, and PA-7104 Left Arm Seat. 1000 Beech and Silver Finishes.

PA-7003-BB-SI Three Module Pallet with two PA-7102 Armless Seats, PA-7121-GR-SI Rotating Tablet with Mount (PA-Mirage), PA-7202-SI Magazine Rack. 1000 Beech and Silver Finishes.

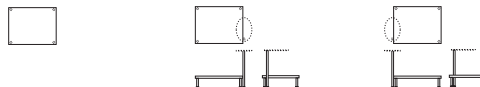

PA-7003-LR-BB-SI Three Module Pallet with two Tablet Mounts, two PA-7120-GR Rotating Tablet Panels (PA-Mirage), PA-7102 Armless Seat, PA-7122-GR-SI Round Table with Mount (PA-Mirage), PA-7102 Armless Seat. 1000 Beech and Silver Finishes.
