POLAR...simple design, small scale, perfect for today's lounge

The statement "less is more" is a perfect description of the Polar Lounge Series. A simplistic design, deriving from only a seat, a back, and bent rod frames, makes a trend setting statement in any lounge environment.

The bent rod frame that forms the two legs on all seating units have a unique connection that is not visible. It appears that the seat and back are floating on the frame.

Sleek, yet extremely comfortable...Polar offers a perfect scale for today's small office footprint.

POLAR...a full lounge environment

Four distinct products combine to offer a full lounge environment. By adding your own selection of textiles, you can create a very unique environment.

This series may be used in corporate, hospitality, or even retail lounge designs.
