# lounge redefined

Lounge spaces are used for a wide variety of activities—sitting, reading, collaborating. Sela is specifically designed for informal learning spaces and lounge areas. The collection enhances environments with comfortable, functional design that invites and relaxes. Part coffee-shop vibe, part residential flair, Sela brilliantly supports the spontaneous learning that occurs in today's educational environments. Highly durable and exceptionally comfortable, Sela readily welcomes users and responds to all the ways individuals relax, relate, congregate or learn.

# casual appeal

Sela offers an oversized scale with an increased degree of recline while using less dense materials for ultimate comfort and durability with the added appeal of a lifetime warranty. Sela responds to the realities of lounging and to the rigors of use. Every aspect of the design is intended to make individuals more comfortable, encouraging interaction and supporting spontaneous learning.

**Chrome accents.**  
Allows for ease of reconfiguration.

**Modern aesthetic.**  
Complements any environment with its sophisticated styling.

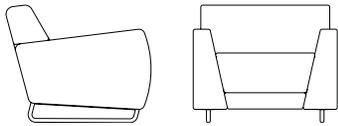

**Wide-panel arm.**  
Supports optional tablet arm for spontaneous learning.

**Increased seat angle.**  
Accommodates today's seated postures with maximum comfort and ease.

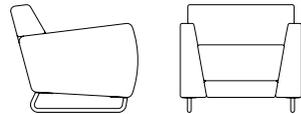

# contemporary style

The exceptional Sela collection captures the less formal, casual lifestyle of today's students and workers while complementing a variety of interiors. Boasting a residential influence, the pieces reflect popular mid-century modern elements. Sela is well-built and smartly designed to meet uncompromising durability demands. Highly functional, the furnishings ensure both ease and comfort—precisely what a lounge space is intended to provide.
