

CONSTRUCTOR TABLE LAMP

CODE TL-CON	DESIGNER Jeremy Pyles	DATE 2006	SERIES Silica Series
----------------	--------------------------	--------------	-------------------------

Confident and smart, the Constructor's eye-catching contours marry a voluminously opaque shade with subtle layers of rich, transparent color to create a thoroughly modern form. The Constructor was inspired by the movement of a boa constrictor's body when swallowing its prize. Hand-blown glass with custom shade, this versatile shape suits a range of environments and is a stunning, elegant addition to any space.

MATERIALS

- incandescent 120v bulb, up to 100 watts, not included
- lamp shade available in crème linen, rough linen or black linen
