

From chairs that stack high, to high-design chairs that stack

Regardless of your meeting needs on a given day – a large formal conference or a small casual meeting – one thing's for sure, your workplace seating should be versatile enough to let you provide comfortable, convenient seating for everyone.

Max Stacker

Simple solutions are often the best. Whether you need to seat 10 people or 10 dozen, the Max Stacker chair has been time-tested to handle your largest crowds. And between performances, it doesn't crowd your storage space.

Features

- Tablet arm
- Bookrack
- Storage/transport dolly
- Alignment device
- Soft glides available
- Stacks 45 high

Dimensions

- Seat height 17.5"
- Seat depth 16.75"
- Seat width 18.25"
- Overall depth 21.5"
- Overall width 20"

Max Stacker II

All the performance and proven dependability of the original Max Stacker chair, with a higher back and upholstery options to give you added comfort.
