Product Overview

Introduction

The wood operable casement window combines superior quality with optimal performance. The stainless-steel hardware operates smoothly and provides years of durability. Our casement window is also available with different glazing options for unique looks and maximum acoustical and insulating performance.

Hardware Options

The wood operable casement window comes with stainless-steel hardware standard, which is suitable for coastal applications. Hardware is available in your choice of finishes:

- Polished Brass
- Matte Black
- Oil-Rubbed Brass
- White
- Brushed Chrome
- Satin Nickel
- Antique Brass
- Polished Chrome

Custom hardware and handles are available.

Glazing Options

Standard glazing for the wood casement window uses 5/8" overall insulated glass. Custom glazing and tinted glass are also available.

We offer two different edge details:

- Contemporary
- Traditional

See the General Info section for more details.

Wood Species

Our standard wood species are the following:

- Pine
- Vertical Grain Douglas Fir
- Mahogany

Alternative and exotic wood species are also available.

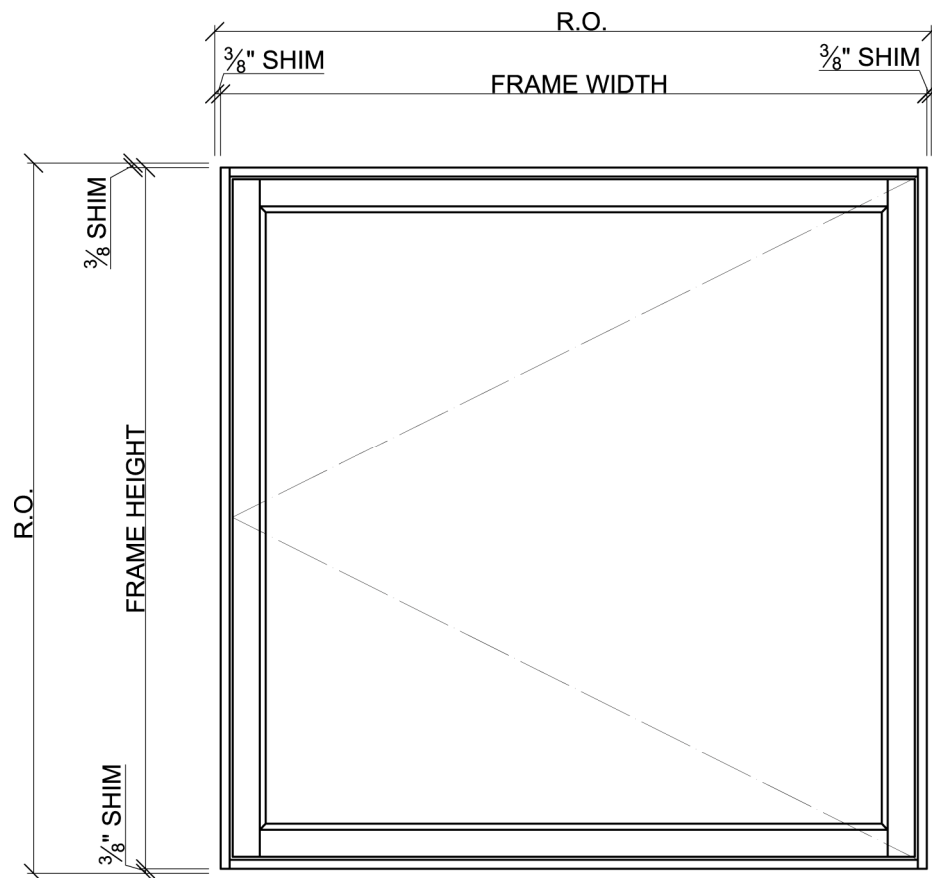

Other Options

The wood casement can also be made in unique shapes and configurations, and with custom simulated- or true-divided-lite patterns. Choose from a variety of options including screens, specialty hardware, and exterior trim. Contact Pacific Architectural Millwork for additional options and customization.
