

Bainbridge™

Perfect fit. Complete support. All day comfort.

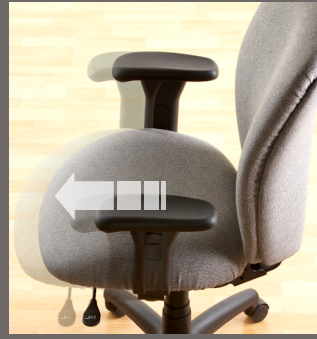

Two Seat Back Options

The Bainbridge seat back is available in two heights. The midback is perfect for tasking, while the extra 3" height of the highback is ideal as a managerial or tasking seat.

Adjustable Seat Back

A perfect fit is just a few clicks away with Bainbridge's internal easy-to-use ratchet-back seat height adjustment.

Advanced Ergonomic Adjustments

Easy-to-use seat depth adjustment accommodates all individuals, short to tall. The seat height, seat angle and back-tilt multi-adjust mechanism offers superior ergonomics.

Contoured and Overstuffed

The over stuffed seat bottom offers a full four inches of high-density polyurethane foam while the sculpted seat back provides wrap-around support for the back and lumbar area.
