

SERIES 1000

maxon

You'll be glad you didn't settle
for less than the perfect fit.

Expand your horizons.

The strength of 22-gauge steel. The style of professional-grade laminates.

Even better, the satisfaction of getting more for your money.

Locking Storage Hutches minimize clutter and encourage good organization. Each one is built to fit and is available with optional easy-down closures to prevent accidental slamming.

Hanging Accessory Trays increase worksurface areas by taking paper management off the desktop. Enjoy a tempting selection of choices including horizontal, diagonal and even binder bins.

Modular filing units offer wide-ranging storage options to match your current and future needs as well as your décor. Choose from an array of pulls and ask for casters if you want them mobile.

Engineered to fit. Designed to appeal.

Enjoy the versatility of built-to-order components.
Exercise your creativity with a spectrum of colors.

Please everybody, all of the time, with
timeless aesthetics.

Worksurfaces are available in a range of sizes and shapes including rectangle, corner and peninsula. Each is sized in 6" increments so you can always count on the perfect fit.

End panels or C-legs (shown), and full or half-modesty panels to suit your desired levels of privacy and accessibility.

A modern office desk setup featuring a dark wood finish. The desk is L-shaped, with a large rectangular section in the foreground and a smaller section behind it. On the desk, there is a computer monitor, a keyboard, a mouse, a telephone, a vase with yellow flowers, and some papers. A grey office chair is positioned behind the desk. To the left of the desk is a tall, dark wood filing cabinet with two drawers. The background is a plain, light-colored wall.

It just feels right.

Series 1000 can be configured to suit your space, your people and your bottom line.

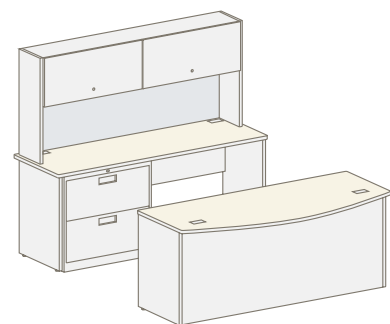

Doesn't that sound like a perfect fit?

Aesthetically, Series 1000 has so many laminate, paint and fabric options that any office environment will be beautifully complemented.

MAXON

The result of a quarter-century of experience, Series 1000 is designed for affordability, engineered for adaptability and covered by the MAXON lifetime warranty. Count on MAXON services for rapid installation and seamless integration, on time, every time.
