

# INVERNESS

## TIME-HONORED TRADITIONAL DESIGN

Inverness brings the warmth and beauty of wood to office environments. Worksurfaces feature a single-piece select hardwood veneer, presenting the natural characteristics of wood and making each furniture piece unique. No two desks are exactly alike. Extra open pedestal in connecting corners of single pedestal desks and credenzas features one grommet in the inside panel for CPU storage applications. Common grain direction across desks, returns, bridges and credenzas increases aesthetics. Reverse-coped edges create smooth worksurface connections. Balanced-panel, three-ply construction is standard. Choose Rouge Mahogany or Honey Cherry satin finish with catalyzed lacquer topcoat.

M Rouge Mahogany

C Honey Cherry

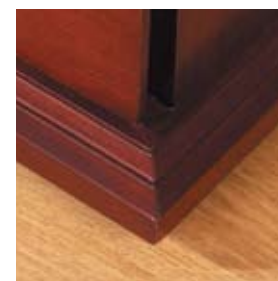

## IV729

Inverness overheads feature crown decor with shaped finial. Light rail conceals optional task light. Curved back panel provides integral wire management. Overhead doors in your choice of all-wood with antique brass finish knobs or wood with frosted inserts.

Shaped edges feature a reverse-step edge profile

Decorative hardwood base trim protects veneer panels and is field-replaceable

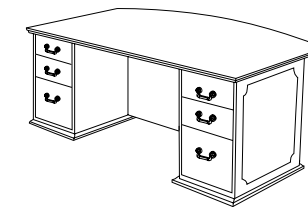

Deskpads or glass with standoffs are recommended for additional protection of genuine wood veneer worksurfaces

## TRADITIONAL DESIGN

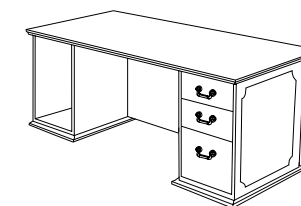

is in the details. Picture-frame molding is standard on pedestals. Antique brass finish drawer pulls feature historical style. Decorative base trim features an elegant shape for traditional environments. As a modern convenience, an extra open pedestal is standard in the connection corner of single pedestal desks/credenzas and features a grommet on the inside panel for CPU accommodation.
