

PRODUCT**Glue Chip (Single)****GLASS TYPE**

Decorative

**DESCRIPTION**

Our traditionally hand produced Glue Chip is made by applying special glue to sandblasted glass. After it dries, a fern pattern is created on the glass. It is also sometimes referred to as Single Glue Chip as glue is applied only once. This glass is a different product than the mass-produced rolled-pattern “Glue Chip” that shares the same name.

TREATMENT

Tempered

Laminated

Directional Pattern

PACKING

Heavy Case; Approximately 20-80 pieces per case depending upon thickness and size
