DESCRIPTION

Dekormat® 1/8" White Lines match one of the most popular silk-screen designs used in commercial construction today. The pattern is 1/8" lines on 1/4" centers. It also has a 50 percent coverage ratio. If you presently silkscreen, this product is great for small, short, lead-time projects. Dekormat® can also be cut, fabricated and tempered like ordinary glass. Because it is a ceramic-frit product, the coating will not peel or scratch off.
