

## Terms and Conditions

### Seating Warranty

JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship given normal use for a period of 12 years of single shift service. Pneumatic lifts and casters are warranted to be free from defects in materials and workmanship for a period of 5 years and textiles for 2 years. JSI will, at its option, repair or replace any defective merchandise within the terms of the warranty.

JSI makes no expressed or implied warranties as to any product, and, in particular, makes no warranty of merchantability or of fitness for any particular purpose.

#### This warranty does not cover:

- Natural variations in color, grain, or texture of wood and covering materials over which JSI has no control.
- Damage caused by an installation or transportation company.
- Accident, user modifications, misuse or product neglect.

### Matching Finishes

Due to the natural characteristics of wood, environmental effects, and material upgrades, we cannot guarantee exact finish matches on existing furniture previously ordered from JSI.

If an exact match to existing furniture is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. We will accept no liability for the finish if this procedure is not followed. We reserve the right to make changes in a finish formula if we believe the change will improve the quality or appearance of our furniture. Products cannot be replaced due to these natural variations.

### Natural Variations in Wood

Every tree has unique and defining characteristics, like fingerprints. These characteristics include differences in color, grain configurations and texture. When specifying natural or light finishes, these natural markings are not masked and are easily detected. Maple and cherry species have a high degree or uneven distribution of grain. With this in mind, we hope you enjoy and appreciate the beauty of each tree's fingerprints. In addition, lighter finishes may discolor and darken when exposed to ultraviolet rays. Products cannot be replaced due to these natural variations.

### Finish Options

BR Brighton Cherry	WM Windsor Mahogany
CC Classic Cherry	CM Caramel Maple
EC Ember Cherry	NM Natural Maple
LC Legacy Cherry	DW Davenport Walnut

#### Please note our name changes:

**Light cherry = Legacy Cherry**

**Dark Walnut = Davenport Walnut**

### Special Finishes

Add a one time charge of \$226 list per order for any non-standard wood finish. Written approval is required to proceed with custom finish order.

We reserve the right to decline any request for a custom finish if we feel that we will be unable to match it due to limitations of the wood species or of the sample provided to us.

Because of the natural variations of wood, minor differences in color may occur.

### Samples

### Returns and Repairs

No merchandise may be returned to JSI without a signed Return Goods Authorization form (RGA) issued by our Customer Service Department. Any authorized returns not due to damage or defect will be assessed a 35% restocking charge and all return freight charges must be prepaid. Additional restocking fees may apply for modified, special or custom built products. Liability for defective merchandise shall be limited to replacement or repair. JSI will not issue credit allowances for any repairs without our prior consent. Under no circumstances can we accept COD (Cash On Delivery) returns. Any such shipment will be refused.

### Replacement Parts

Prices for replacement parts can be obtained by calling our Customer Service Department. Please have the model number available when ordering replacement parts.

### Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabrics and vinyls, please visit our website at [www.jsifurniture.com](http://www.jsifurniture.com) or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

### Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions however lubricant can be used if needed.

### Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects.

Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

### Metal finishes

Wipe smooth powdercoat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textiles metals with a soft, dry brush to remove dirt.

## Textiles

### Textile Programs

The entire ArcCom, Maharam and Momentum collections are available. Please specify if JSI is to order the fabric. Samples are available, contact JSI Customer Service. All restrictions apply.

### Cut Yardage

JSI can order textile cut yardage for JSI orders only from many textile companies. Refer to the following table for prices on orders that require fabric.

Grade	List price per yard
B	34
C	48
D	74
E	110
F	148
G	189
L	15 per square foot
M	228

### Fire Retardancy

All JSI products are manufactured to comply with California Bureau of Home Furnishings Technical Bulletin 117 as a minimum standard. Compliance with more stringent codes requires special manufacturing considerations and upcharges.

### California Technical Bulletin 133

JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with California TB 133. The standard upcharge on products specified to comply with TB 133 is \$44 list per yard of fabric.

Some product designs and fabrics cannot be combined to comply with California TB 133 (CAL 133). Because of this, we reserve the right to reject any request for an upholstery cover, including C.O.M., or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133. Models with tufted back and/or seat cannot pass CAL 133. JSI has tested representative styles for compliance of CAL 133. If you require laboratory certification that a specific product and upholstery combination will pass CAL 133, the following charges will apply:

Testing, video, and transportation charges, \$433 net plus cost of sample. (Allow an additional six weeks over the standard lead time for testing. For products not requiring certification, our standard lead time will apply.)

### C.O.L.

C.O.L. pricing is listed under column D in the price list. Customer's own leather requirements are based on an average hide of 50 square feet. Please consult Customer Service for requirements on any other sizes.

All square footage requirements are based on useable footage. The shape of the hide and the useable footage may make it necessary for us to request additional leather.

### C.O.M.

C.O.M. pricing is listed under column B in the price list. All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage will be required for repeats or fabric less than 54" wide.

The fabric table below will give you approximate additional yardage requirements.

Fabric Width	Plain Fabric	Napped Fabric	2-10" Repeat	11-19" Repeat	20-25" Repeat	26-30" Repeat
54"	0%	15%	15%	20%	25%	30%
51-53"	15	25	25	30	35	40
48-50"	30	35	40	45	50	55
45-47"	45	50	55	60	65	70
36-44"	60	65	70	75	80	85

All stripes will be applied vertically unless specified otherwise. Patterned fabrics will be applied at our discretion unless special instructions are included with the order.

**The C.O.M. yardage required is for one chair. Yardage requirements may be reduced when ordering multiple quantities. Please call Customer Service for yardage requirements on multiple quantities.**

We cannot assume responsibility for the receipt of defective C.O.M. or for the tailoring quality of said fabric. Some fabrics, due to their bulkiness or thinness may not tailor well.

### All C.O.M. orders must include the following:

- Vendor's name, pattern name and color.
- Sample of the fabric attached to order.
- Model numbers of items for fabric application.
- Special application instructions. (All stripes will be applied vertically unless specified otherwise.)
