Ninety

Ninety - the world's most energy-efficient task light. Using only 6W of LEDs, Ninety offers a bright, warm light with superb color rendering. Four high-power LEDs illuminate the task area as the asymmetric light distribution ensures optimal ergonomic lighting. A spring-balanced arm, rotating base and sleek head give the Ninety excellent range of motion. It is dimmable and designed to last for 25 year in a regular office environment. You will never have to change a lamp again.
