# Sapper Chair

## Overview

Designed by Richard Sapper, this award-winning classic symbolizes high status and high design. The *Sapper Executive* and *Management* chairs with arms are manufactured using clean technology, including VOC-free adhesives. The *Sapper* chair is designed for durability and long life and is covered by a 10-year warranty on seating structural and operational parts. It is GREENGUARD Indoor Air Quality Certified®. Returnable packaging is used for shipping component parts.

# Commercial Interiors

*Sapper Executive* and *Management* chairs with arms can help customers achieve the following Commercial Interiors LEED Credits:

- MR Credit 5.1 - Regional Materials

**Intent:** Increase the demand for building materials and products that are extracted and manufactured within the region.

**Help with this point will depend on project location.**

- EQ Credit 4.5 - Low-Emitting Materials, Furniture and Furnishings

**Intent:** Reduce the use of furniture assemblies that may release indoor air contaminants that are odorous or potentially irritating and might be deleterious to installer and occupant health, comfort and well-being.

**The *Sapper Executive* and *Management* chairs with arms are GREENGUARD Indoor Air Quality Certified®.**  
Qualifies for 1 LEED credit point

# New Construction

*Sapper Executive* and *Management* chairs with arms can help customers achieve the following New Construction LEED Credits:

- MR Credit 5.1 - Regional Materials

**Intent:** Increase the demand for building materials and products that are extracted and manufactured within the region.

**Help with this point will depend on project location.**

## Existing Building

*Sapper Executive* and *Management* chairs with arms can help customers achieve the following Existing Building LEED Credits:

- MR Credit 4.0 - Sustainable Cleaning Products and Materials

**Intent:** Avoid exposure of building occupants and maintenance personnel to potentially hazardous chemical, biological and particle contaminants, which adversely impact air quality, health, building finishes and systems, and the environment.

***Sapper Executive* and *Management* chairs with arms upholstered in Knoll textiles and leathers with cleaning codes W or WS are designed to be cleaned with low environmental impact cleaning fluids.\***
