**LINE DRAWINGS**

**OW1410 / OW1412**

**OW1430 / OW1432**

**ABBREVIATION KEY**

**Dimensions**

- W** Width
- H** Height
- D** Depth (measured from wall to front of fixture)
- RD** Recessed Depth

**Lamping Options (Voltage)**

- N150** 150w A-21, medium base, INC (120V)
- CH70T6** 70w T-6, G12 base, ceramic MH (MTAP; 347V)
- CH150T6** 150w T-6, G12 base, ceramic MH (MTAP; 347V)
- PH70** 70w ED-17, medium base, pulse start MH (MTAP; 347V)
- PH100** 100w ED-17, medium base, pulse start MH (MTAP; 347V)

Specify Voltage or MTAP  
 MTAP is a ballast that operates 120V or 277V  
 A clear lamp is required for a sharp pattern effect

**Finishes (see inside back cover)**

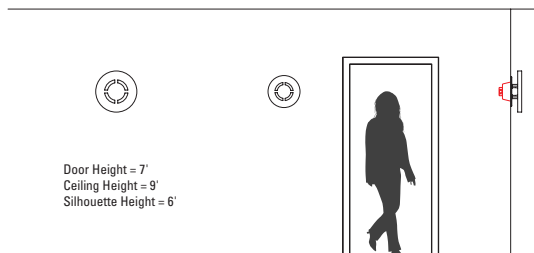

- PTD** Painted - specify color code (ex. BRNZ for Bronze)

**Options**

- XPS** Express 10 day shipping

**BIM**

Complete BIM (Building Information Modeling) for these models may be downloaded from [www.visalighting.com](http://www.visalighting.com)

OUTDOOR

DECORATIVE AND PERFORMANCE

WALL

OW1410-SUNG

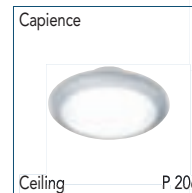

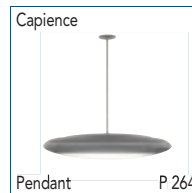

OW1430-BSIL

## FEATURES

- 5 year product warranty
- Spun metal front shield
- Cast aluminum, fully gasketed and sealed lamp chamber with clear tempered glass enclosure
- Oven cured no VOC acrylic powder coat
- Selection of front shield styles
- Front shield features snap lock for easy tool-less relamping
- HID or incandescent lamping
- Clear lamp required for sharp pattern effect
- Remote mounted HID ballast with long distance ignitor standard, 50' maximum ballast to lamp distance, PH70(347V) is 20' maximum, PH100(347V) is 15' maximum
- Recessed mounted housing for shallower extension from wall
- UL wet location listed for mounting 4' above grade

## COMPANIONS

## SUGGESTED VARIATIONS

- Increase front shield up to 24" maximum
- Colored front diffuser or glass lamp enclosure
- Mix and match front shields and light patterns
- Custom cutout or logo in front shield
