

ASHTON | MERCER | FAIRMONT CONFERENCE SERIES

H B F

HBF introduces Ashton, Mercer and Fairmont conference products as a complement to the highly successful Casgood series by the same name. Solid, thoughtful proportion and attentive detailing offer the user an elegant and timely aesthetic solution. The three series are designed to address the reality of today's furniture budget restraints yet offer the hand-matched veneers, beautiful finishes, functionality and quality craftsmanship synonymous with HBF.

01 Ashton 960W x 48OD conference table with metal I-bases to incorporate wire management for power/data access. Wall mounted presentation cabinets increase the functionality of any conference area.

02 This rectangular Ashton conference table, finished in HBF 12 Wheat on maple, is supported by two satin pewter X-bases with wire management channel. The oval power/data unit offers four electrical outlets and up to six field-changeable data connections. The four-door credenza with interior adjustable shelves provides ample storage for the meeting space.

03 Lecterns, with a choice of three edge details, provide a functional addition to enhance the versatility of the more formal conferencing area. Open shelves and enclosed cabinet provide storage for presentation materials.

04 The Ashton Mercer Fairmont Conference Series features a comprehensive offering of conferencing cabinetry that provides flexible components to address the requirements of today's meeting and conference environments.

05 Wall mounted presentation cabinets with optional crown moulding feature hinged wood doors, white marker board, pull down projection screen and fabric covered tackable surfaces on the inside of each door.

06 Mobile cabinetry addresses the versatile functionality required for group work environments. The audio/video cart features open and closed storage capabilities and is available with power/data communication access.

07 Metal X-bases and I-bases incorporate wire management channels and are standard in HBF Satin Pewter powder coat finish.

08 Astron, Mercer and Fairmont tables are also offered with wood base options. All tables are available with and without power/data access. This 48" diameter Ashton table is finished in HBF 06 Amber Cherry on maple.

09 This Fairmont boat-shaped conference table with wood column bases is finished in HBF 06 Amber Cherry on maple. Ashton, Mercer and Fairmont conference tables are available in a number of shapes, multiple sizes, wood or metal bases, with or without power/data connections and a choice of wood veneers.
