

FEATURES + ADVANTAGES

ATTRIBUTE	FEATURE	ADVANTAGE
HUMANISTIC WORKSPACE	Ergonomic Edge detail	<ul style="list-style-type: none"> • Mosaic 2.0 ergonomic edge reduces pressure points in areas where user interfaces with furniture.
	Non-traditional top shapes	<ul style="list-style-type: none"> • Curvilinear shapes add variety to the office setting. Curves regarded as more organic, friendlier, more appealing to designers and end users.
	Specially selected cherry and maple veneers, quality veneer faces	<ul style="list-style-type: none"> • Beauty and warmth of wood can be used to set appropriate tone for an environment, as a reward for achievement, or to attract quality clients and employees.
	Tasteful detailing	<ul style="list-style-type: none"> • By combining appropriate detailing, shapes, and fine veneers, a very elegant aesthetic is one which will not overwhelm an environment and will remain fresh for years to come.
FLEXIBILITY	Limited number of SKU's which can be mixed and matched.	<ul style="list-style-type: none"> • A broad range of configurations can be created to suit a variety of floor plans. The product lends itself particularly well to workwalls, computer stations, and executive "U" Units.
	Paper management accessories are stand alone items	<ul style="list-style-type: none"> • Accessories are independent from overhead storage. Allows designers to specify paper management where it is most useful. Also creates opportunity to add visual interest to workstation by creating asymmetric layouts and to retrofit existing installations.
TECHNOLOGY INTEGRATION	Two types of technology corners and 30" deep worksurfaces on arced core units	<ul style="list-style-type: none"> • Provide plenty of worksurfaces space for even the largest PC monitors.
	Adjustable technology corner	<ul style="list-style-type: none"> • Shelf has both variable height and angle adjustment, including negative slope, to provide correct ergonomic position.
	Wire management	<ul style="list-style-type: none"> • Grommets standard (no upcharge) • Cutouts located in wood pedestal sides and supports for horizontal wire management within workstation
	Power/data access	<ul style="list-style-type: none"> • Optional under worksurface wire manager • Clip on power port • Worksurface recessed power port
	Wall access	<ul style="list-style-type: none"> • Optional removable wall access panel, creates cavity to mount power strip, conceals power and data cords
	Removable pedestal back panel	<ul style="list-style-type: none"> • Pedestal can be positioned over floor monument to provide power to workstation • Removable back on desk provides area to mount power strip and easy access to monument and cords without removing all drawers

FEATURES + ADVANTAGES

ATTRIBUTE	FEATURE	ADVANTAGE
DURABILITY	Drawer system	<ul style="list-style-type: none"> • Dowel construction - strength • 9 ply baltic birch plywood - strength and added durability • Superior filing capability - extruded file rail integral to drawer • UV finish drawers - scratch & chemical resistant • 5 sided drawers - can adjust or remove in field without unloading drawers
	Cleartech™ finish	<ul style="list-style-type: none"> • Cured finish on worksurfaces - durable top coat • Chemical, heat, scratch and mar resistant • Passes the "pizza test" • Full filled finish, smooth to touch • Robotic sprayer - uniformity of finish • Depth, clarity, color consistency and durability
	Steel spreader bars	<ul style="list-style-type: none"> • Rigid structure for pedestal and chassis • Threaded bar prevents glide tearout • Provides utility with modular components, worksurface and modesty panel attachment
	High grade suspensions	<ul style="list-style-type: none"> • Lifetime warranty • Steel ball bearing suspensions • 150 lbs load rating
