cosmopolitan  
monolithic panel

# Cosmopolitan monolithic panel. Minimum cost. Maximum appeal.

Cosmopolitan monolithic panels boast innovative design and engineering, with a value-driven promise. Crafted to be environmentally sound, panels use eco-friendly, water-based adhesives and powder coat paints. Easily reconfigured, Cosmopolitan monolithic panels accommodate a growing work force, maximize the furniture investment, and reduce overall environmental waste. In addition, clean and simple lines are complementary to any existing infrastructure.

## Features

## Benefits

<ul style="list-style-type: none"> <li>• All monolithic tiles are acoustical, tackable, and seamlessly integrate with Cosmopolitan's entire offering</li> </ul>	➔	<ul style="list-style-type: none"> <li>One tile is capable of multiple purposes, ultimately reducing inventory and cost of ownership</li> </ul>
<ul style="list-style-type: none"> <li>• Metal to metal panel connections, aluminum top caps, fillers, end-posts, and metal base raceway</li> <li>• 3 1/4-inch panel thickness</li> </ul>	➔	<ul style="list-style-type: none"> <li>Offers structural support, integrity, and durability</li> </ul>
<ul style="list-style-type: none"> <li>• All metal components are finished with powder coat paints</li> <li>• Water-based adhesives are used</li> <li>• Tiles are 98% recyclable</li> </ul>	➔	<ul style="list-style-type: none"> <li>Significantly reduces waste</li> <li>Promotes healthy indoor air quality</li> <li>Minimal impact on the environment</li> </ul>
<ul style="list-style-type: none"> <li>• Ability to add double pane glazed tiles in 8, 16, and 24-inch heights</li> </ul>	➔	<ul style="list-style-type: none"> <li>Increases visibility and access to natural light</li> <li>Offers a better sound rating than single pane</li> </ul>
