Oak, Yarwood *Mustang*
Ash, Warwick *Macrosuede*
Stools, Kvadrat *Tonica*

Schema is an eye-catching range of upholstered seating designed principally for modern dining, meeting and boardroom interiors.

The form of the chairs challenges conventional proportions, with low profile solid hardwood frames complemented by tapered seat cushions which pierce the frame's linear form.

Available as side chair, carver armchair and stool in four standard timber finishes and to client specification.
