American white wood

CHW-TZ
American white wood
woven strips

KIT 3/KIT 1/KIT JUNIOR

Jose M^a Garrido

KITS is a wall light that consists of 1 or 2 sheets of veneer (for KIT 1 and JUNIOR hand woven veneer), and wooden guides that are used to join these together and create the structure of the light, which also supports the electrics. Its diffuser also provides an interesting play of tones of light and shadow.
