TABLE BASED SYSTEM

TISCH

designed by Bene

## Timeless Design > Modern Interpretation

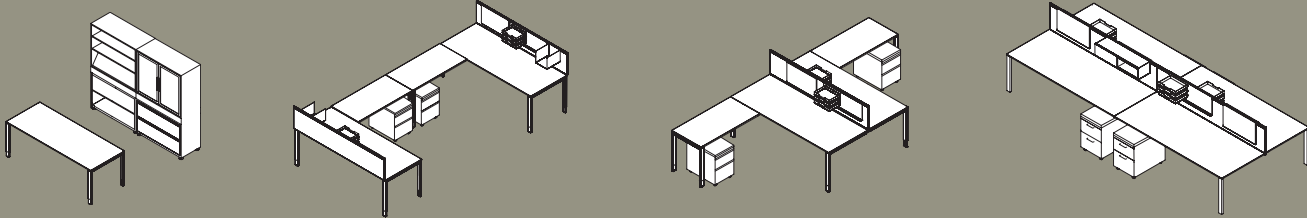

Through the course of time while innovations such as the automobile, the television and the computer have emerged, architecture and fashion have held the same familiarity since their inception. Although they have evolved in style, the same design principles and concepts remain, enabling solutions that stand the test of time; in other words – timeless design.

At Inscape, we believe that your office furniture should do the same – classic design that can evolve with organizational changes and trends to meet your workspace needs. Tisch, the newest addition to Inscape's family of products exemplifies timeless design. An elegant, European designed table based system, Tisch can be easily reconfigured as workplace needs change and evolve. A Tisch desking application today can easily migrate to a benching or conferencing application tomorrow and any day after that.

# Tisch + Options

Stylish design and flexibility combine for a system that is ideal for collaborative and project-focused applications, but can also adapt for hotelling and more traditional applications. Utilizing a small set of modular components, Tisch can be easily reconfigured to suit a multitude of planning applications. Start with a single table and expand to a multi-user application as requirements change.

Applications =

*My Space*

*Our Space*

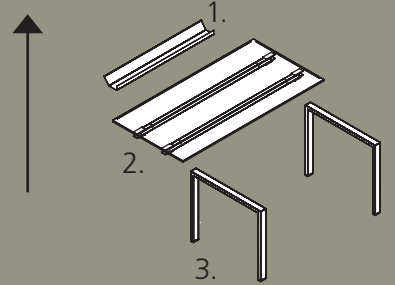

*Shared Space*

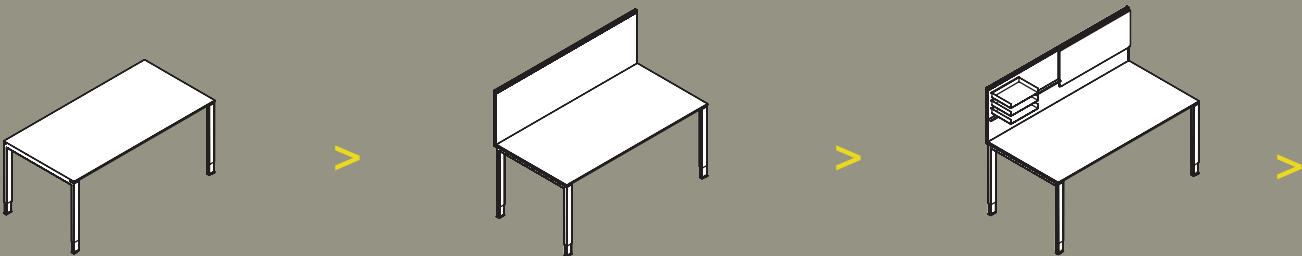

*Team Space*

Small Kit

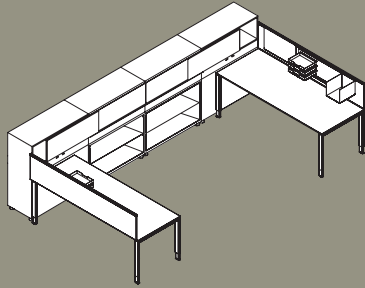

Flexibility =

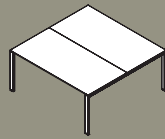

*Start with a single table to **work** on.*

*Add desk screen for **privacy**.*

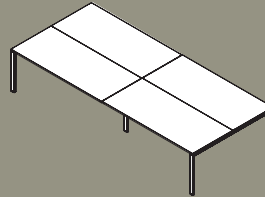

*Add work tools for **organization**.*

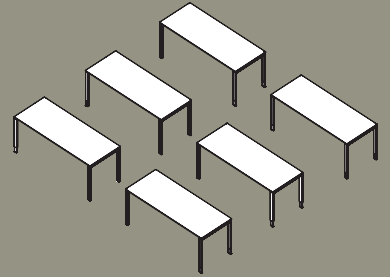

Organization Space

Meeting Space

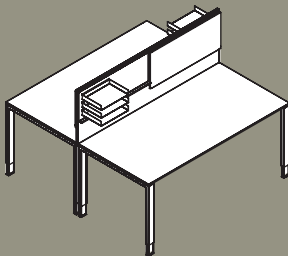

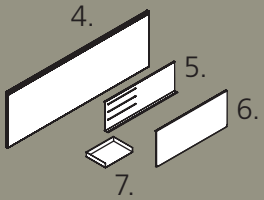

Collaboration Space

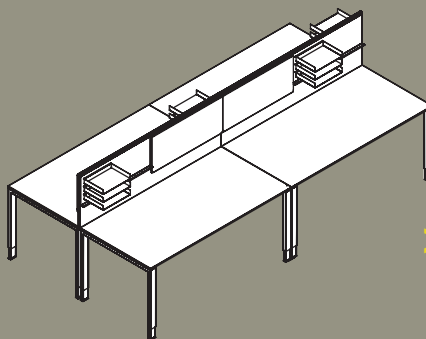

Learning Space

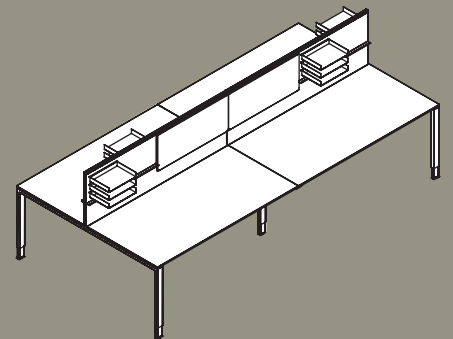

of Parts

Mirror the station to increase **density**.

Double up as a **table bench**.

Add shared legs to create a true **benching** solution.

## MY SPACE

Private office applications are evolving. A more open and welcoming environment is what private office dwellers are looking for in their space. Tisch supports this need with its slim profile and light scale feel.

Application | Private Office

Worksurface | 32" d x 72" w

Leg | Height Adjustable H-Leg

Storage | 71" high Storwal with Frosted Hinged Doors,  
Open Bookcase, Display Shelf and Lateral Files

## OUR SPACE

A back to back workspace allows users to work independently or together. Doing so in a Tisch workstation brings openness to a smaller space.

Application | Back to Back      Worksurfaces | 32" d x 72" w  
Storage | T-Series Mobile Pedestal with Cushion Top

Lateral Extensions | 24" d x 48" w      Leg | Height Adjustable H-Leg  
Accessories | Tackboard, Accessory Rail with Closed Shelf, Printer Top

## SHARED SPACE

A face to face application allows for enhanced communication between users. Adding a Tisch desk screen helps to create an individual work environment while providing a visual and acoustic barrier.

Application | Face to Face      Worksurfaces | 32" d x 72" w  
Storage | T-Series Mobile Pedestal with Cushion Top

Lateral Extensions | 24" d x 48" w      Leg | Height Adjustable H-Leg and Shared Leg  
Accessories | Tackboard, Accessory Rail with Closed Shelf

## TEAM SPACE

Benching applications are becoming increasingly popular and are a practical solution for today's office environment. Tisch provides a fully electrified bench application that supports interaction and communication.

Application | Benching

Worksurfaces | 32" d x 72" w

Leg | Shared Leg

Storage | T-Series Mobile Pedestal with Cushion Top

Accessories | Tackboard, Personal Storage Box, Organizational Rail with Counter Top Shelf and Closed Shelves

## ORGANIZATION SPACE

Tisch's desk screen not only provides privacy, it's also home to many customizable work tools. However, when more storage is needed, simply integrate Storwal to create a more organized space.

Application | Back to Back      Worksurfaces | 32" d x 72" w      Leg | Height Adjustable H-Leg      Accessories | Tackboard, Accessory Rail with Closed Shelf  
Storage | 51" high Storwal with Sliding Doors, Whiteboard and Open Bookcase with Superstor Inserts

## MEETING SPACE

As office requirements change, so can Tisch. Easily adaptable and multi-functional, you can transform your Tisch table from a personal workspace to a meeting space using the same kit of parts.

Application | Meeting Room

Worksurfaces | 32" d x 72" w

Leg | Shared Leg

## COLLABORATION SPACE

Collaboration areas require functional and flexible furniture that allows for multiple usage while maximizing floor space. Tisch responds to this requirement with its ability to change and evolve just as often as you do. Easy access to power & data makes reconfiguration easy.

Application | Boardroom

Worksurfaces | 32" d x 72" w

Leg | Shared Leg

## LEARNING SPACE

Developed for a variety of flexible work options, Tisch works as well in a learning space as it does in a private space. Add, remove or reconfigure tables as needed to accommodate changing office environments.

Application | Classroom/Training    Worksurfaces | 32" d x 72" w    Leg | Height Adjustable H-Leg

- 1| My Space
- 2| Our Space
- 3| Shared Space
- 4| Team Space
- 5| Organization Space
- 6| Meeting Space
- 7| Collaboration Space
- 8| Learning Space

## THE FUNCTIONAL OFFICE

Tisch can be used in multiple applications and configurations, that's what makes it so unique — not to mention its stylish European design and functionality. Planning your office space just got easier!
