FOR
YOU

■ **Innovative design for unmatched comfort.**

Piretti Stack Chair

Piretti stack chairs combine clean style with “personalized,” flex-back comfort.

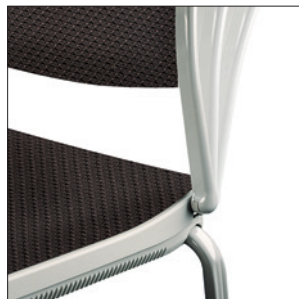

An innovative mechanism instantly adjusts back tension to match the user’s weight. The result is a high level of comfort tailored to the specific individual, whatever their size.

This unique comfort equation is complemented by a clean look. Piretti stack chair’s styling blends into a variety of environments, from modern office space to classrooms and cafeterias.

Comfort in all forms.

There is a Piretti stack chair for every application. Choose from two versions, four-leg or sled base, each available with or without arms, tablets and bookracks. Available upholstered or in polypropylene. So many uses. One chair - the Piretti stack chair.

The “weight-responsive” backrest ensures comfort for every individual.

Tablets are ideal for classrooms and meeting rooms.

To maintain orderly rows, a ganging option is available.

The flex arm moves with the back.

Designed by Giancarlo Piretti.
