# Ordering C.O.M., C.O.L., and C.O.V.

BONDUEL, GREEN BAY, LAVERNE, and TUPELO

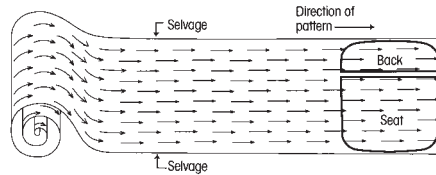

## How to Specify C.O.M. Upholstery

Textile designs often have intricate patterns. Not all individuals will interpret fabric direction in the same manner.

As a standard procedure, KI cuts fabrics off the roll in a horizontal fashion as shown in Diagram A at the right. By cutting in this fashion, most waste is eliminated. Our requirements for yardage in this book are based on this type of cutting. When directional or patterned fabrics are used, they often require more yardage than solid colors.

By providing KI with a completely filled-out copy of the form on this page, we will be able to expedite your order. We find it particularly helpful with directional or patterned upholstery material. It is critical that copies of this form accompany test quantities as well as production quantities of C.O.M.

C.O.M. must be supplied in continuous yardage.

## C.O.M., C.O.L. and C.O.V. Testing

KI will require for testing actual yardage to upholster one chair. The testing requirements depend on which chair you have selected on your order.

Test samples will be applied to the order and will be held for 6 months if needed. After 6 months, the sample can no longer be applied to your order. For all products to be tested, send test samples for approval to:

**KI**  
1330 Bellevue Street  
Green Bay, WI 54302  
Attn: C.O.M. Specialist

To expedite the procedure, attach a copy of the "C.O.M. Information Form" on this page.

All C.O.M., C.O.L. and C.O.V. must be labeled with the purchase order number.

## C.O.M., C.O.L. and C.O.V. Production

Customer's fabrics and leathers must be approved prior to acceptance for production. Upon test approval, a 1" square sample swatch of upholstery material must accompany the order. KI assumes no responsibility for wear, defects or performance of customer's own fabrics, vinyl or leather. C.O.M., C.O.L. and C.O.V. orders are available on a deferred delivery basis.

Orders for production of C.O.M., C.O.L. and C.O.V. upholstered products are not scheduled for processing until upholstery material is received. Upon receipt, KI will provide an acknowledgement and an estimated shipping date.

KI recommends that leather be ordered in yardage. Leather must be usable. The outer edges cannot be calculated as square feet or yardage.

The C.O.M., C.O.L. and C.O.V. yardage requirements accompanying products in the pricing section are for 10 chairs/seats or less, 54" wide nondirectional material. On larger orders, less material is required.

For exact production yardage requirements, call 1-800-424-2432, ext. 2707.

## C.O.M., C.O.L. and C.O.V. Order Processing

For products shipped from Green Bay, WI facility, ship upholstery material to:

**KI**  
Attn: C.O.M. Storage  
1330 Bellevue Street  
Green Bay, WI 54302

For products shipped from Tupelo, MS facility ship material to:

**KI Tupelo**  
Attn: C.O.M. Storage  
2112 South Green Street  
Tupelo, MS 38801

For products shipped from Bonduel, WI facility, ship material to:

**KI**  
Attn: C.O.M. Storage  
204 West South Street  
Bonduel, WI 54107

For products shipped from LaVerne, CA facility, ship material to:

**Impress/Kismet/Medical & Laboratory Stools**  
Attn: C.O.M. Storage  
2009 Wright Ave.  
LaVerne, CA 91750

## Intricate Patterns

In the event of specific requirements for positioning of intricate patterns or pattern repeats on seats and backrests, provide a sketch noting requirements, as in Diagram B, along with materials for testing, and with the order.

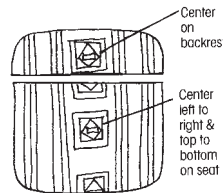

Diagram B

## Treated Materials

If C.O.M. requires processing such as Scotchgard® or acrylic backing, it often shrinks. To prevent delays in delivery or back ordering due to shrinkage, please have your processor remeasure after processing and assure adequate yardage shipment.

## Split Orders

If a portion of the shipment which does not require C.O.M., C.O.L. or C.O.M. applications is to be processed and shipped early, KI will enter the order immediately at your request. These split shipments are subject to minimum order changes.

Contact the C.O.M. Specialist at 1-800-424-2432, ext. 2707, with questions or to verify a split order.

## Excess Upholstery Material

KI will dispose of excess upholstery material at the time of shipment unless expressly requested to return it with the product shipment.

## Cancelled or Changed Orders

KI assumes no responsibility for extra C.O.M., C.O.L. or C.O.V. material due to a change of upholstery or cancellation of an order. It is the customer's responsibility to arrange for return of this material.

## C.O.M., C.O.L. and C.O.V. Information Form

A copy of this form should accompany test requests and production orders. Please fill it out completely, and, if your order has been acknowledged, provide the acknowledgement number.

## General Information

**Quarter Circle Inside Back, Quarter Circle Planter**

**Corner Seat, Square Seat, Square Seat Level Table, Quarter Circle Seat Level Table**

### General

- Two-piece molded fiberglass construction. Available in all fiberglass finishes.
- May be weighted for added stability.

### Seating

- Upholstered seating modules available in KI fabrics, vinyls or C.O.M.
- Seat backs and arms are supported by fiberglass liners secured to the base and covered by polyurethane foam and fabric.
- Cushions are supported by plywood base covered with polyurethane foam and fabric.
- Cushions fasten with velcro.

### Seating

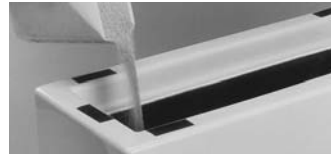

|                           | Square | Narrow | Corner | Quarter Circle | Inside Curved | Outside Curved | 45° Wedge | 60° Wedge |

**Ganging Straps included with all units to maintain spacing and alignment.**

**Sand Weighting**

### SPECIFICATIONS

#### Base Units

Bases are constructed of fiberglass reinforced plastic with a nominal wall thickness of 3/16". All side walls have a 1.5° draft.

#### Recessed Bases

All recessed bases are same color as the body and are 2-1/2" deep and 3" high.

#### Dimensions

Nominal dimensions are given. If dimensions are critical, please write for exact measurements.

#### Outdoor Use

Not recommended for upholstered units.

#### Table Surfaces

1" thick veneer or plastic laminate covered plywood.

#### Fiberglass Finishes

Gloss - Integrally colored gel coat buffed to a smooth shiny finish.

Matte - Integrally colored gel coat sanded to remove the gloss and coated with a dull finishing sealer.

Terra Cotta - Integrally colored gel coat is lightly textured to remove the gloss and coated with a dull finishing sealer.

Polycrete - Natural sand is embedded into colored gel coat then sand blasted to a smooth finish. Surface is coated with a dull finishing sealer.

Granex - Synthetic granules are embedded into layers of polyester resin to create a unique speckled appearance with exceptional durability.

#### Custom Work

We welcome the opportunity to discuss variations of standard product design, including special sizes and details. We also welcome the challenge or quoting on your special project requirements.

#### Fire Retardants

Special resins are added to the fiberglass. Fire retardant treatment meets California's

TB133 fire code requirements and the New York Port Authority requirements.

#### Sand Weighting

The following products offer options for sand weighting. Sand is not provided.

Seating Capacity 200# max. Opening Under cushion

**60° Wedge Inside Back, 60° Wedge Planter**

#### Tables

- Tables available 12" or 17" high.
- 12" table has top in plastic laminate.
- 17" seat level table has solid color fiberglass top.

#### Planters

- Heights in one through four modules – 12, 22, 32 or 42" high.
- Includes fiberglass liner
- PVC standpipe available for water maintenance.

#### Receptacles

- Heights in one through four modules – 12, 22, 32 or 42" high.
- Covers fit securely and are easily removable to change trash liner.

### HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
 • The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select finish.
- |           |                           |
|-----------|---------------------------|
| <b>AF</b> | = Gloss Finish            |
| <b>GX</b> | = Granex Finish (Premium) |
| <b>MT</b> | = Matte Finish            |
| <b>PT</b> | = Polycrete Finish        |
| <b>TC</b> | = Terra Cotta Finish      |
- Model numbers with 'P' use GX=Granex Finish only
- C** Select element color.  
 Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.
- D** Select upholstery grade/color  
 Refer to color addendum at ki.com or in KI Fabrics & Finishes binder.  
 Refer to Upholstery Fabric cards in the KI Fabrics & Finishes binder

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

#### Sand Weighting

A body closure and plug are factory applied in base of product to contain sand. Pre-bagged sand is recommended. Sand is not included.

Add /SW to end of model number.  
 Upcharge \$96 list/unit.

#### C.O.M. Upholstery

The yardage shown above is based on 54" wide nondirectional fabric for orders of 10 seats or less. For testing and larger orders, see "ordering C.O.M., C.O.V. and C.O.L. section".

#### Custom Fiberglass Color

Custom colors are available on a special

order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

**A** Select basic model.

**B** Select finish.

**AF** = Gloss Finish

**GX** = Granex Finish (Premium)

**MT** = Matte Finish

**PT** = Polycrete Finish

**TC** = Terra Cotta Finish

Model numbers with 'P' use GX=Granex Finish only

**C** Select element color.

Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.

**D** Select upholstery grade/color.

Refer to color addendum at ki.com or in KI Fabrics & Finishes binder. Refer to Upholstery Fabric cards in the KI Fabrics & Finishes binder

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.

Add FR to end of model number.  
Add upcharge.

#### Sand Weighting

A body closure and plug are factory applied in base of product to contain sand. Pre-bagged sand is recommended. Sand is not included.

Add /SW to end of model number.  
Upcharge \$96 list/unit.

#### C.O.M. Upholstery

The yardage shown above is based on 54" wide nondirectional fabric for orders of 10 seats or less. For testing and larger orders, see "ordering C.O.M., C.O.V. and C.O.L. section".

#### Custom Fiberglass Color

Custom colors are available on a special

order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select finish .
- |           |                           |
|-----------|---------------------------|
| <b>AF</b> | = Gloss Finish            |
| <b>GX</b> | = Granex Finish (Premium) |
| <b>MT</b> | = Matte Finish            |
| <b>PT</b> | = Polycrete Finish        |
| <b>TC</b> | = Terra Cotta Finish      |
- C** Select element color.  
Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
Add FR to end of model number.  
Add upcharge.

#### Stand Pipe

Two-inch diameter PVC pipe permanently attached to the inside of the container for extracting excess water.  
Add /ST to end of model number  
Upcharge \$49 list/unit

#### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select finish.
- |           |                           |
|-----------|---------------------------|
| <b>AF</b> | = Gloss Finish            |
| <b>GX</b> | = Granex Finish (Premium) |
| <b>MT</b> | = Matte Finish            |
| <b>PT</b> | = Polycrete Finish        |
| <b>TC</b> | = Terra Cotta Finish      |
- Model numbers with 'P' use GX=Granex Finish only
- C** Select element color.  
Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
Add FR to end of model number.  
Add upcharge.

#### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

\*For units with upholstery, add additional ⅞" **Note:** Tables are the same height as benches. Glides could add ½" when fully extended.

## SPECIFICATIONS

### Seat, Benches, Metal Tables, Freestanding Trash Receptacles or Planters with Perforated Steel Exteriors

14-ga. Sheet steel, die formed and welded to a 1" x 14 ga. Seam welded tubular steel frame. Perforations are 3/8" diameter.

### Arms

Constructed of 1" x 14-ga. Tubular steel, die formed and welded to mounting yoke. Textured plastic arm cap is permanently attached.

### Mounting

Seats, benches and tables have steel spiders and yokes welded into an integral unit. The yoke is placed over the steel beam and secured with bolts.

### Beams

Beams 11-ga. 1-1/2" x 2" seamless steel. Plastic end caps.

### Freestanding Base

14-ga., 1.5 x 4 rectangular seam welded tubular steel column. Cast aluminum base is bolted to the column. Either a yoke or yoke cover are welded to the top for securing to the beam with bolts. Adjustable glides.

### Wallsaver Extension

Attaches to base with rear glide. Contacts the wall at the floor to prevent seat back from touching the wall. Black only.

### Anchored Base

The base may be drilled for anchoring with 3/8" diameter bolts. Anchoring bolts not provided.

### Embedded Base

14-ga., 1.5 x 4 rectangular seam welded tubular steel column. 16" length for embedding in concrete. Either a yoke or yoke cover are welded to the top for securing to the beam with bolts.

### Metal Finish

Indoor finishes are nonchipping epoxy powder, electrostatically applied, then baked on. Outdoor finishes are nonchipping polyester powder, electrostatically applied, then baked on over a rust-inhibiting sealer.

### Fiberglass Finishes

Gloss - Integrally colored gel coat buffed to a smooth shiny finish.  
Matte - Integrally colored gel coat sanded to remove the gloss and coated with a dull finishing sealer.  
Terra Cotta - Integrally colored gel coat is lightly textured to remove the gloss and coated with a dull finishing sealer.  
Polycrete - Natural sand is embedded into colored gel coat then sand blasted to a smooth finish. Surface is coated with a dull finishing sealer.  
Granex - Synthetic granules are embedded into layers of polyester resin to create a unique speckled appearance with exceptional durability.

### "L" Corner Table Assembly

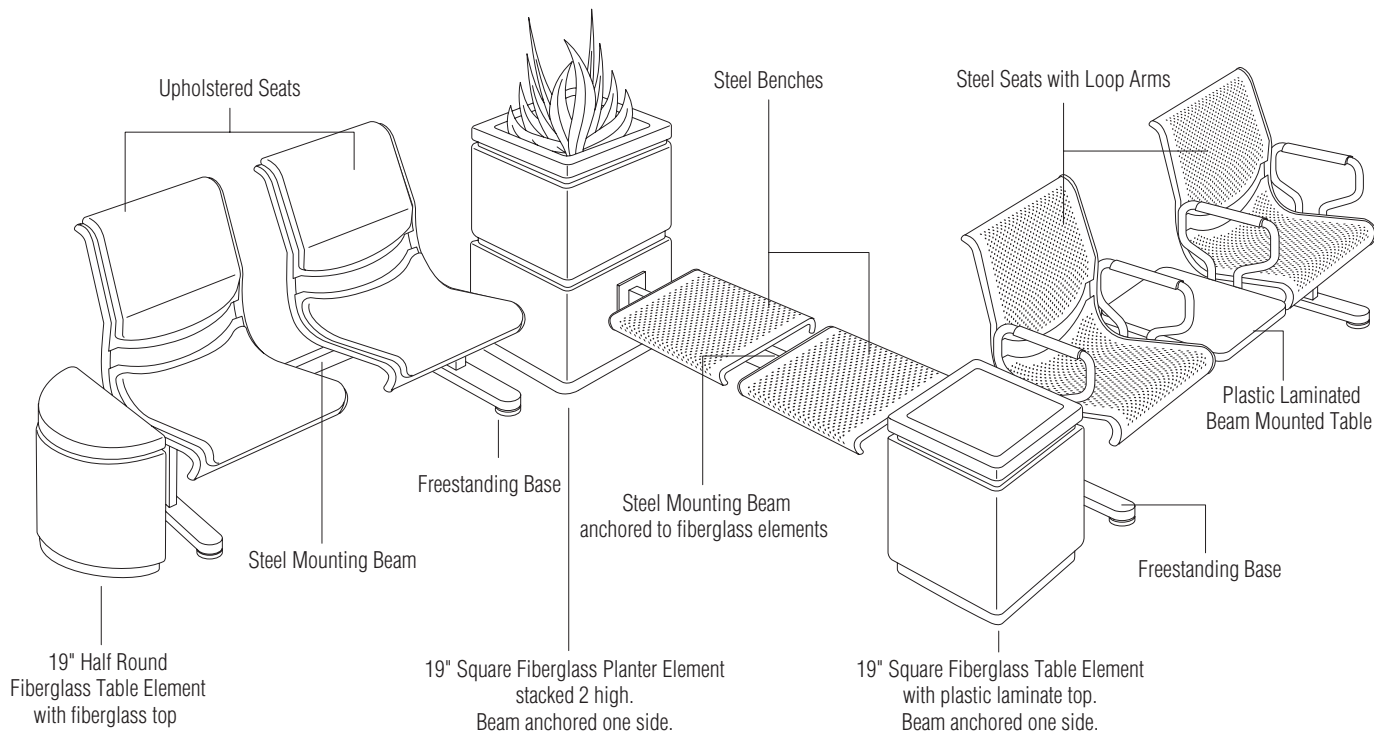

For mounting modular units at a 90 degree angle. Corners are formed by mounting beam extensions joined by a table top and supported by a leg for each beam. A 2-5/8" o.d. leg with a leveling glide supports the back corner of the table top. Corner table surfaces match in-line tables.

### Plastic Laminate In-line Tables

May be used in place of seats on the beam, or for corner table applications. Solid core top 7/8" thick consisting of high-density particle board with plastic laminate surface and vinyl bullnose edge. Rounded corners. For interior use only.

### Fiberglass Elements

Dimensions shown are nominal. If dimensions are critical contact KI. Nominal 3/16" wall thickness. Sides which may have beams attached have ¾" thick plywood embedded in fiberglass. These are drilled at the factory for beam installation as required by the order. Mounting hardware is supplied.

### Table Elements

Half-round shapes have solid fiberglass table tops.

Full size shapes are available with fiberglass or plastic laminate table tops.

Square shapes may be stacked to three high to form pylons.

### Planter Elements

Square shapes are available as planters with a fiberglass liner.

### Freestanding Planter/Trash Receptacles

Outer surface is constructed of perforated steel welded to tubular steel rings top and bottom. Material is the same as used on seats and tables.

A fiberglass liner is provided for planter or trash receptacle use. A top lid of fiberglass is provided for trash receptacles.

### Fire Retardants

Fire retardant resins are added to the fiberglass. Fire retardant treatment (FR) meets

California's TB133 fire code requirements and the New York Port Authority requirements.

### Sand Weighting

Fiberglass elements have an enclosed bottom. Bagged sand can be placed in the units when extra stability is needed.

### Anchoring

Fiberglass elements may be anchored to floors or permanent hard surface. Factory installed 3/8" diameter holes can be specified and include expansion bolts.

### Order Review/Design Service

It is KI's policy with this product to check all incoming orders for accuracy. When ordering, please provide a plan-view sketch and identify desired components.

KI will provide a design and engineering service, upon request, to tailor this product to your needs. This includes a comprehensive proposal. Contact KI for further information.

### INFORMATION

#### Design

Designed by the KI Design Team.

#### C.O.M. and C.O.V. Testing and Production Requirements

Not all materials are suitable for upholstering this product. A 12" x 12" sample must be submitted and approved prior to acceptance of an order. If the fabric is directional in pattern or weave, the direction must be indicated on the submitted sample, and additional yardage may be requested. Leather must be free of imperfections.

Test samples must be sent to:

KI  
Attn: C.O.M. Specialist  
1330 Bellevue Street  
Green Bay, WI 54302

## HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select table style.  
**SL** = Square laminate  
**SM** = Square metal; add \$113
- C** Select frame color.  
 Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.  
 Outdoor finishes to be ordered with non-table units.
- D** Select surface finish.  
 Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder. Surface finish offerings are based on edge style selections.
- E** Select table edge color.  
 Refer to color addendum at ki.com or in

KI Price List or KI Fabrics & Finishes binder. Edge color offerings are based on edge style selections.

- F** Select upholstery grade/color.  
 Refer to color addendum at ki.com or in KI Fabrics & Finishes binder.  
 Refer to Upholstery Fabric cards in the KI Fabrics & Finishes binder

## FINISH INFORMATION

### C.O.M. and C.O.V. Upholstery

For 10 seats or less, supply the following:

Seats require 3/4 yard of 54" wide nondirectional fabric or vinyl.

Benches require 3/4 yards of 54" wide nondirectional fabric or vinyl.

For 11 or more seats or pattern or directional material, see "ordering C.O.M, C.O.V. and C.O.L." section.

### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

## HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: •The  indicates that a choice is required.  
•The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select table style.  
**SL** = Square laminate  
**SM** = Square metal; add \$113
- C** Select frame color.  
 Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.  
 Outdoor finishes to be ordered with non-table units.
- D** Select surface finish.  
 Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder. Surface finish offerings are based on edge style selections.
- E** Select table edge color.  
 Refer to color addendum at ki.com or in

KI Price List or KI Fabrics & Finishes binder. Edge color offerings are based on edge style selections.

- F** Select upholstery grade/color.  
 Refer to color addendum at ki.com or in KI Fabrics & Finishes binder.  
 Refer to Upholstery Fabric cards in the KI Fabrics & Finishes binder

## FINISH INFORMATION

### C.O.M. and C.O.V. Upholstery

For 10 seats or less, supply the following:

Seats require 3/4 yard of 54" wide nondirectional fabric or vinyl.

Benches require 3/4 yards of 54" wide nondirectional fabric or vinyl.

For 11 or more seats or pattern or directional material, see "ordering C.O.M., C.O.V. and C.O.L." section.

### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

### HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: •The  indicates that a choice is required.  
 •The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select frame color.  
 Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.  
 Outdoor finishes to be ordered with non-table units.
- C** Select upholstery grade/color.  
 Refer to color addendum at [ki.com](http://ki.com) or in KI Fabrics & Finishes binder.  
 Refer to Upholstery Fabric cards in the KI Fabrics & Finishes binder

### FINISH INFORMATION

#### C.O.M. and C.O.V. Upholstery

For 10 seats or less, supply the following:

Seats require 3/4 yard of 54" wide nondirectional fabric or vinyl.

Benches require 3/4 yards of 54" wide nondirectional fabric or vinyl.

For 11 or more seats or pattern or directional material, see "ordering C.O.M, C.O.V. and C.O.L." section.

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

### OPTIONS

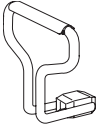

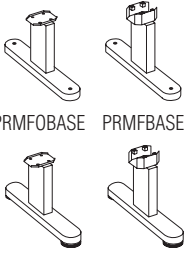

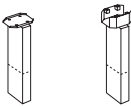

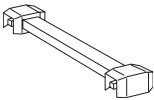

#### Outdoor Coating

For a perforated steel seat the outdoor coating upcharge is \$38, for a perforated steel bench the outdoor coating upcharge is \$38.

## HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
 • The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select number of sides w/beams.
- 00** = Square base, freestanding  
**01** = Square base, 1 side  
**02** = Square base, 2 opposite sides  
**03** = Square base, 3 sides  
**04** = Square base, 4 sides  
**A2** = Square base, 2 adjacent sides
- C** Select finish.
- AF** = Gloss Finish  
**GX** = Granex Finish  
**MT** = Matte Finish  
**PT** = Polycrete Finish (Premium)  
**TC** = Terra Cotta Finish (Premium)

- D** Select element color.  
 Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes

binder.  
 See addendum for finishes and colors.

- E** Select element top surface.  
 Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

## FINISH INFORMATION

**California TB133 Fire Safety Code**  
 Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

**Anchoring**  
 Factory applied 3/8" diameter holes on bottom of element.  
 Add /AN to end of model number.  
 Upcharge \$36/element

**Concrete Weighting**  
 Factory applied concrete.  
 Add /CW to end of model number.  
 Upcharge \$147/element

**Custom Fiberglass Color**  
 Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$263 per order. Request a quotation from KI for custom color.

## HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
 • The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select number of sides w/beams.
- 00** = Square base, freestanding  
**01** = Square base, 1 side  
**02** = Square base, 2 opposite sides  
**03** = Square base, 3 sides  
**04** = Square base, 4 sides  
**A2** = Square base, 2 adjacent sides
- C** Select finish.
- AF** = Gloss Finish  
**GX** = Granex Finish  
**MT** = Matte Finish  
**PT** = Polycrete Finish (Premium)  
**TC** = Terra Cotta Finish (Premium)

- D** Select element color.  
 Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes

binder.  
 See addendum for finishes and colors.

- E** Select element top surface.  
 Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

## FINISH INFORMATION

**California TB133 Fire Safety Code**  
 Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

**Anchoring**  
 Factory applied 3/8" diameter holes on bottom of element.  
 Add /AN to end of model number .  
 Upcharge \$36/element

**Concrete Weighting**  
 Factory applied concrete.  
 Add /CW to end of model number.  
 Upcharge \$147/element

**Custom Fiberglass Color**  
 Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$263 per order. Request a quotation from KI for custom color.

### HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select steel outer cylinder color.  
Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.  
See addendum for indoor and outdoor powder-coated finishes.
- C** Select finish.
- |           |                                |
|-----------|--------------------------------|
| <b>AF</b> | = Gloss Finish                 |
| <b>GX</b> | = Granex Finish                |
| <b>MT</b> | = Matte Finish                 |
| <b>PT</b> | = Polycrete Finish (Premium)   |
| <b>TC</b> | = Terra Cotta Finish (Premium) |
- D** Select element color.  
Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
Add FR to end of model number.  
Add upcharge.

### OPTIONS

#### Outdoor Coating

For the following freestanding planters, the upcharges for outdoor coating applies:

|                  |        |
|------------------|--------|
| Model PRM1628APR | = \$74 |
| Model PRM1636APR | = \$80 |
| Model PRM2028APR | = \$78 |
| Model PRM2036APR | = \$83 |
| Model PRM1628TR  | = \$83 |
| Model PRM1638TR  | = \$87 |

### SPECIAL SERVICES

#### Special Carton Marking

With specially marked information N/C

#### Shipping

Shipped **k.d. freight prepaid f.o.b. Bondue, Wisconsin 54107** factory. Freight class #125.

Specifications and prices are subject to change without prior notice.

# Fiberglass Elements

## General Information

**Rectangular Seating and Tables**

**Drum Table - (DT1818)**

### Features

Available in all finishes below

•

•

Custom colors are optional.

•

•

Unupholstered elements function as tables

•

Ideal for indoor or outdoor use.

•

•

### SPECIFICATIONS

#### Recessed Bases

All recessed bases are black fiberglass. Inset is 3" high, 3" deep.

#### Construction

Lightweight one-piece molded construction utilizing fiberglass and thermo setting resin.

#### Dimensions

Nominal dimensions are given. If dimensions are critical, please write for exact measurements.

#### Upholstery

Not recommended for outdoor use.

#### Fiberglass Finishes

Gloss - Integrally colored gel coat buffed to a smooth shiny finish.

Matte - Integrally colored gel coat sanded to remove the gloss and coated with a dull finishing sealer.

Terra Cotta - Integrally colored gel coat is lightly textured to remove the gloss and coat-

ed with a dull finishing sealer.

Polycrete - Natural sand is embedded into colored gel coat then sand blasted to a smooth finish. Surface is coated with a dull finishing sealer.

Granex - Synthetic granules are embedded into layers of polyester resin to create a unique speckled appearance with exceptional durability.

#### INFORMATION

#### C.O.M. Fabric Testing Requirements

Not all materials are suitable for upholstering this product. A 12" x 12" sample must be submitted and approved prior to acceptance of an order. If the fabric is directional in pattern or weave, the direction must be indicated on the submitted sample, and additional yardage may be requested.

Test samples must be sent to:

KI

Attn: C.O.M. Specialist  
1330 Bellevue Street  
Green Bay, WI 54302

#### Custom Work

We welcome the opportunity to discuss variations of standard product design, including special sizes and details. We also welcome the challenge or quoting on your special project requirements.

#### Maintenance

Fiberglass should be cleaned as required with a soft damp cloth, using any mild detergent cleaner or spray cleaner.

#### Fire Retardants

Fire retardant resins are added to the fiberglass. Fire retardant treatment (FR) meets California's TB133 fire code requirements and the New York Port Authority requirements.

#### Sand Weighting

A sand weighting option may be specified for additional stability. Most designs are available with a body closure panel and plug, making it possible to weight the hollow cavity with sand. Sand is not provided.

## HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
 • The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

- A** Select basic model.
- B** Select finish.
- |           |                           |
|-----------|---------------------------|
| <b>AF</b> | = Gloss Finish            |
| <b>GX</b> | = Granex Finish (Premium) |
| <b>MT</b> | = Matte Finish            |
| <b>PT</b> | = Polycrete Finish        |
| <b>TC</b> | = Terra Cotta Finish      |
- Model numbers with 'P' use GX=Granex Finish only
- C** Select element color.  
 Refer to color addendum at ki.com or in KI Price List or KI Fabrics & Finishes binder.
- D** Select upholstery grade/color.  
 Refer to color addendum at ki.com or in KI Fabrics & Finishes binder.  
 Refer to Upholstery Fabric cards in the KI Fabrics & Finishes binder

## FINISH INFORMATION

### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

### C.O.M. Upholstery

The yardage shown above is based on 54" wide nondirectional fabric for orders of 10 seats or less. For testing and larger orders, see "ordering C.O.M., C.O.V. and C.O.L. section".

### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### Sand Weighting

A body closure and plug are factory applied in base of product to contain sand. Sand is

not included.  
 Add /SW to end of model number.  
 Upcharge \$96 list/unit

### Shipping

Shipped **assembled freight prepaid f.o.b. Bonduel, Wisconsin 54107** factory. Freight class #150.

Specifications and prices are subject to change without prior notice.

# Planters

## General Information

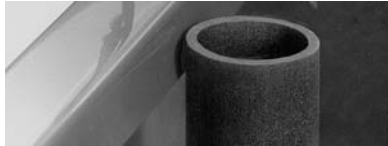

Tempe® A, B, C - TPA3630,  
TPB2415, TPC3630

### Features

- One-piece molded fiberglass
- Drainage holes option
- Indoor/outdoor use

### Finishes

- Gloss
- Matte
- Terra-Cotta
- Polycrete
- Granex

PVC Standpipe

Siphon Pump

### SPECIFICATIONS

#### Dimensions

Nominal dimensions are given. If dimensions are critical, please write for exact measurements.

#### Freeze Protection

If planters are used outdoors and are subject to freezing temperatures, drainage holes should be specified.

#### Custom Work

We welcome the opportunity to discuss variations of standard product design, including special sizes and details. We also welcome the challenge or quoting on your special project requirements.

#### Fiberglass Finishes

Gloss - Integrally colored gel coat buffed to a smooth shiny finish.

Matte - Integrally colored gel coat sanded to remove the gloss and coated with a dull finishing sealer.

Terra Cotta - Integrally colored gel coat is lightly textured to remove the gloss and coated with a dull finishing sealer.

Polycrete - Natural sand is embedded into colored gel coat then sand blasted to a smooth finish. Surface is coated with a dull finishing sealer.

Granex - Synthetic granules are embedded into layers of polyester resin to create a unique speckled appearance with exceptional durability.

#### Maintenance

Fiberglass should be cleaned as required with a soft damp cloth, using any mild detergent cleaner or spray cleaner.

#### Fire Retardants

Fire retardant treatment (FR) meets California's TB133 fire code requirements and the New York Port Authority requirements.

#### Drainage Holes

Factory applied 3/8" diameter holes in bottom of product.

#### Growing Container

As supplied from the factory, planters may be used as growing containers or pots. Without modifications, planters are watertight, providing a well for excess water.

#### Drainage for Indoor Planter Use

For withdrawing excess water after waterings, a 2" o.d. (a 1-1/2" i.d.) PVC standpipe will be fibreglassed into the inside of the planter when specified. It rests on top of the base and extends 1-1/2" above the inside lip. To withdraw excess water after waterings a siphon hand pump is available. It is supplied with 2' of 1/2" hose and 3'6" of 1/4" hose. Weight is one pound. Water is withdrawn from the planter by placing a hose in the standpipe.

## HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

**A** Select basic model.

**B** Select finish.

**AF** = Gloss Finish

**GX** = Granex Finish (Premium)

**MT** = Matte Finish

**PT** = Polycrete Finish

**TC** = Terra Cotta Finish

Model numbers with 'P' use GX=Granex Finish only

**C** Select element color.

Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

## FINISH INFORMATION

### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
Add FR to end of model number.  
Add upcharge.

### Drainage Holes

Factory applied 3/8" diameter holes in the bottom of product available at no extra charge.  
Add /DR to end of model number.  
No upcharge

### Stand Pipe

Two-inch diameter PVC pipe permanently attached to the inside of the container for extracting excess water.  
Add /ST to end of model number  
Upcharge \$49 list/unit

### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for

matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### Hinged Lid Receptacle

### SPECIFICATIONS

#### Recessed Bases

All recessed bases are black fiberglass unless noted

#### Dimensions

Nominal dimensions are given. If dimensions are critical, please write for exact measurements.

#### Custom Work

We welcome the opportunity to discuss variations of standard product design, including special sizes and details. We also welcome the challenge or quoting on your special project requirements.

#### Fiberglass Finishes

Gloss - Integrally colored gel coat buffed to a smooth shiny finish.

Matte - Integrally colored gel coat sanded to remove the gloss and coated with a dull finishing sealer.

Terra Cotta - Integrally colored gel coat is

lightly textured to remove the gloss and coated with a dull finishing sealer.

Polycrete - Natural sand is embedded into colored gel coat then sand blasted to a smooth finish. Surface is coated with a dull finishing sealer.

Granex - Synthetic granules are embedded into layers of polyester resin to create a unique speckled appearance with exceptional durability.

#### Maintenance

Fiberglass should be cleaned as required with a soft damp cloth, using any mild detergent cleaner or spray cleaner.

#### Fire Retardant

Fire retardant treatment (FR) meets California's TB133 fire code requirements and the New York Port Authority requirements.

#### Sand Rings

Depressed ring surrounds center opening to accommodate sand to extinguish smoking materials. Sand is not included.

#### Litter Receptacle Liners

All receptacles accommodate a disposable poly bag. Optional liners may be ordered at an upcharge.

#### Ash and Waste Receptacle Inserts

Sand rings, sand dish and all receptacles with top openings have aluminum inserts in black powder coat finish.

### HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

**A** Select basic model.

**B** Select finish.

**AF** = Gloss Finish

**GX** = Granex Finish (Premium)

**MT** = Matte Finish

**PT** = Polycrete Finish

**TC** = Terra Cotta Finish

Model numbers with 'P' use GX=Granex Finish only

**C** Select element color.

Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
Add FR to end of model number.  
Add upcharge.

#### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The  indicates that a choice is required.  
 • The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

**A** Select basic model.

**B** Select finish.

**AF** = Gloss Finish

**GX** = Granex Finish (Premium)

**MT** = Matte Finish

**PT** = Polycrete Finish

**TC** = Terra Cotta Finish

Model numbers with 'P' use GX=Granex Finish only

**C** Select element color.

Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
 Add FR to end of model number.  
 Add upcharge.

#### Concrete Weighting

Factory applied concrete.  
 Add /CW to end of model number.  
 Upcharge \$142/element

#### Tethered Lid

Cable is attached from container to lid or insert to deter theft.  
 Add /EX to end of model number  
 Upcharge \$45 list/unit

#### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

### HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The  indicates that a choice is required.  
• The absence of the  indicates that no choice is required.

### HOW TO BUILD A MODEL NUMBER

**A** Select basic model.

**B** Select finish.

**AF** = Gloss Finish

**GX** = Granex Finish (Premium)

**MT** = Matte Finish

**PT** = Polycrete Finish

**TC** = Terra Cotta Finish

Model numbers with 'P' use GX=Granex Finish only

**C** Select element color.

Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

### FINISH INFORMATION

#### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.  
Add FR to end of model number.  
Add upcharge.

#### Concrete Weighting

Factory applied concrete.  
Add /CW to end of model number.  
Upcharge \$142/element

#### Tethered Lid

Cable is attached from container to lid or insert to deter theft.  
Add /EX to end of model number  
Upcharge \$45 list/unit

#### Custom Fiberglass Color

Custom colors are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$253 per order. Request a quotation from KI for custom color.

# Reclaim® Recycling Containers and Centers

General Information

Radius Square -  
RSR2436

Center - RSQ483616

## Features

|                            |   |   |
|----------------------------|---|---|
| Recycling logo and label   | • | • |
| Seamless molded fiberglass | • | • |
| Two-part container         | • | • |
| Indoor/outdoor use         | • | • |

## Finishes

|             |   |   |
|-------------|---|---|
| Gloss       | • | • |
| Matte       | • | • |
| Terra-Cotta | • | • |
| Polycrete   | • | • |
| Granex      | • | • |

## SPECIFICATIONS

### Dimensions

Nominal dimensions are given. If dimensions are critical, please write for exact measurements.

### Logos and Labeling

Vinyl die-cut recycling logo and label. Factory applied.

### Custom Work

We welcome the opportunity to discuss variations of standard product design, including special sizes and details. We also welcome the challenge or quoting on your special project requirements.

### Fiberglass Finishes

Gloss - Integrally colored gel coat buffed to a smooth shiny finish.

Matte - Integrally colored gel coat sanded to remove the gloss and coated with a dull finishing sealer.

Terra Cotta - Integrally colored gel coat is

lightly textured to remove the gloss and coated with a dull finishing sealer.

Polycrete - Natural sand is embedded into colored gel coat then sand blasted to a smooth finish. Surface is coated with a dull finishing sealer.

Granex - Synthetic granules are embedded into layers of polyester resin to create a unique speckled appearance with exceptional durability.

### Maintenance

Fiberglass should be cleaned as required with a soft damp cloth, using any mild detergent cleaner or spray cleaner.

### Fire Retardants

Fire retardant treatment (FR) meets California's TB133 fire code requirements and the New York Port Authority requirements.

## HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How To Build a Model Number".
3. Any special service required.

Note: • The  indicates that a choice is required.

- The absence of the  indicates that no choice is required.

## HOW TO BUILD A MODEL NUMBER

**A** Select basic model.

**B** Select opening one.

**C1** = Cans  
**G1** = Glass  
**L1** = Plastic  
**P1** = Paper  
**W1** = Waste

**C** Select opening two.

**C2** = Cans  
**G2** = Glass  
**L2** = Plastic  
**P2** = Paper  
**W2** = Waste

**D** Select opening three.

**C3** = Cans  
**G3** = Glass  
**L3** = Plastic  
**P3** = Paper

**W3** = Waste

**E** Select opening four.

**C4** = Cans  
**G4** = Glass  
**L4** = Plastic  
**P4** = Paper  
**W4** = Waste

**F** Select decal color

**B** = Black  
**H** = White

**G** Select finish.

**AF** = Gloss Finish  
**GX** = Granex Finish (Premium)  
**MT** = Matte Finish  
**PT** = Polycrete Finish  
**TC** = Terra Cotta Finish

Model numbers with 'P' use GX=Granex Finish only

**H** Select element color.

Refer to color addendum at [ki.com](http://ki.com) or in KI Price List or KI Fabrics & Finishes binder.

## FINISH INFORMATION

### California TB133 Fire Safety Code

Fire retardant materials are used in the construction of the product to meet both Class 1 California TB133 and Class 2 New York Port Authority Fire Code.

Add FR to end of model number.  
Add upcharge.

### Custom Fiberglass Finish

Custom colors and finishes are available on a special order basis. Submit a 3 x 3" swatch for matching. Custom color upcharge of \$239 per order. Request a quotation from KI for custom finishes.

### Concrete Weighting

Factory applied concrete.  
Add /CW to end of model number.  
Upcharge \$142/element

**You make the rules.  
We make the rest.®**

Of course KI solutions work better for you. They're made for you. No one pays more attention to customer needs than we do. We don't design our furniture to win awards (even though it does). We don't rely on one-size-fits-all solutions (even though they would make our life easier). We find out what you need. And, we make it. The same applies to our service, distribution channels...everything we do. It's all built around knowing what you want and giving you the choice. KI solutions work, because we're working for you.
