

COMBOLIGHT

Combo Clouds

COMBOLIGHT® Combo Clouds

Suspended Geometric & Freeform Shaped Luminaires

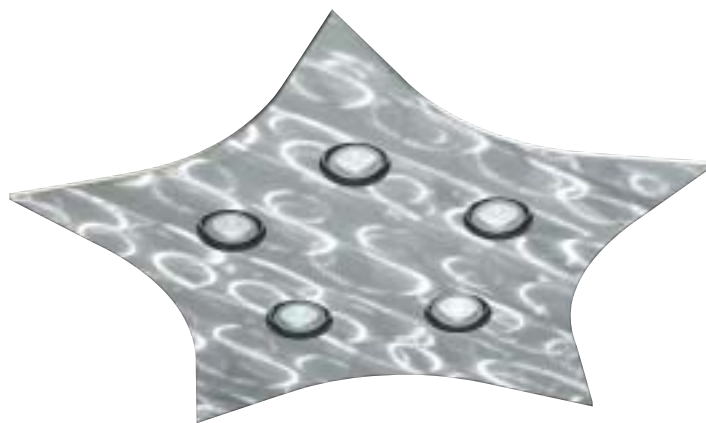

- Combo Clouds are available in both freeform and geometric shapes
- All clouds are constructed of 3/16" thick solid aluminum plate
- Ceiling suspended with 1/16" aircraft cable and Griplock™ cable holding mechanism at both the fixture and ceiling
- Available lamps include MR16, AR70, AR111, PAR16, PAR20, PAR30, & PAR36
- Available with integral power supplies (low voltage electronic transformers)
- Finished with metallic laminates with three dimensional patterns and designs as well as smooth surfaces and solid colors
- May be custom designed to accommodate almost any shape or size – consult RSA Factory for details

Since the Combo Clouds line is open to so many design possibilities, this catalog represents the standard offering. For custom Cloud designs, just provide us with a sketch or drawing of what you have in mind and we'll detail the Cloud to fit your needs.

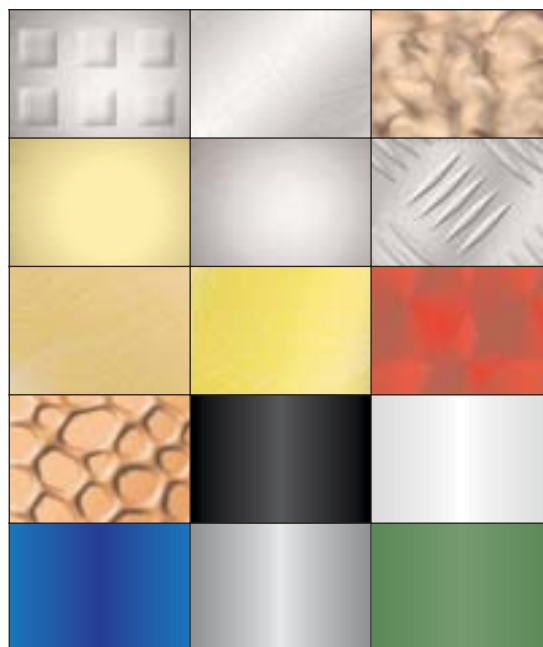

Many Shapes and Sizes

Combo Clouds come in many unique shapes and sizes to suit almost any application.

A wide array of standard finishes are available for Combo Clouds. Custom finishes are available – consult the RSA factory for details.
