

brazilian cherry

appearance

Brazilian Cherry's natural reddish brown color and superior hardness has made it a favorite for all applications. Featuring distinctive and varied grain patterns, coupled with a litany of colorful hues, Brazilian Cherry matures to a beautiful, rich mosaic.

color change

A photosensitive wood, Brazilian Cherry's original color darkens with exposure to light. Color stabilizes approximately three months after installation.

janka hardness

2,820 lbs. per square inch
