Tissù

A white-body Bitech series available in a range of six colours spanning light to dark shades: Bianco, Crema, Tortura, Moka, Giallo and Verde. The colour range is available for both the 20x50.2 cm wall tile and for the 33.3x33.3 cm floor tile. The unique feature of Tissù is the golden insert accent piece (pictured) which lends a strong sense of luminosity to spaces where it is installed.
