LUMEN™ COLLECTION

The Lumen Collection of table, meeting and storage components combines refined detailing with high performance in conference and private-office settings that require frequent business interactions. Equipped with the exclusive Geiger Nerve Center,™ Lumen tables facilitate connectivity for every digital or electrical necessity. Geiger's rich vocabulary of surface finishes and options illuminates the entire collection, while providing aesthetic continuity across Geiger furniture installations.

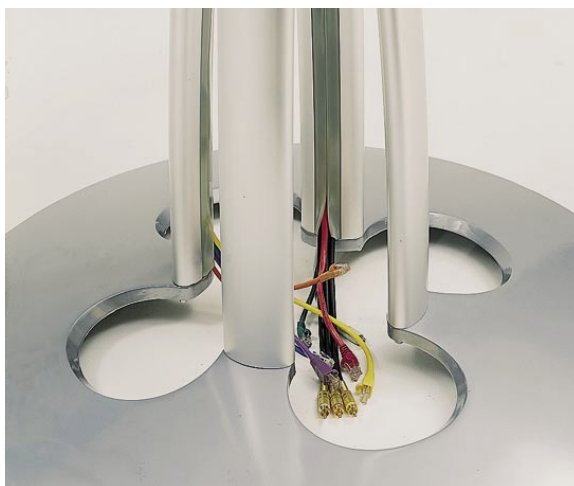

RESPONSIVE BUSINESS SOLUTIONS

Lumen excels in the multipurpose work environments where collaboration happens—especially ones in which mobility is key and space is at a premium. Lightweight aluminum bases and light-scale top surfaces make Lumen the nimble and responsive solution for every working session, no matter how impromptu. Made almost entirely from recycled or recyclable materials, the Lumen Collection includes tables in desk, standing and occasional heights; lowboy and highboy storage credenzas; work carts; and mobile easels, each available in standard Geiger veneer and metal finishes.

LUMEN RECTANGULAR T-LEG TABLE WITH OPTIONAL ORGANIZATION RAIL, OPTIONAL TRAY SETS AND A MOBILE PEDESTAL.

ABOVE: T LEG, CLOVER BASE AND CASTER LEGS, ALL WITH BUILT-IN PLASTIC CORD KEEPERS TO HOLD CABLES NEATLY INSIDE LUMEN'S METAL LEGS UNTIL CABLES ARE PULLED OUT. BELOW: HIGHBOY STORAGE UNIT FEATURES REAR GROMMETS FOR CABLE MANAGEMENT AND THE LUMEN COLLECTION'S DISTINCTIVE LEVELER LEGS.

TOP: THE MOBILE EASEL PROVIDES AN ENAMELED STEEL, MAGNETIC WRITING SURFACE ON BOTH SIDES. THE MOBILE CART INCLUDES AN ORGANIZATION RAIL TO ACCOMMODATE OPTIONAL TRAY SETS. MIDDLE: LUMEN TABLES ARE AVAILABLE WITH ROUND, SQUARE, ARCED SQUARE, OVAL, RECTANGULAR, RACETRACK, ELLIPSOID AND OVAL TOP SURFACES. BOTTOM: PERSONAL WORK SURFACE OR COLLABORATIVE MEETING TABLE? LUMEN SECTIONAL TABLES CAN JOIN OR GO THEIR OWN WAY AS QUICKLY AS BUSINESS DEMANDS.

GEIGER NERVE CENTER™

The revolutionary Geiger Nerve Center puts the power of networking within easy reach. When combined with Lumen Collection tables, the Nerve Center becomes the hub of digital voice and data activity. Whether hosting an interactive meeting, conducting a teleconferencing session or simply providing a space for visitors needing Internet access, the Nerve Center delivers. The Nerve Center grommet contains four grounded outlets and space for four additional voice or data receptacles. A complete set of snap-in adapters is included to accommodate varying customer-provided receptacles, including blanks for customization or future needs. In addition, four cable clips hold other necessary cables for LCD projectors, smart boards, audio cabling, microphones or additional network cables.

THE MIDDLE OF THE NERVE CENTER IS OPEN SO THAT CORDS AND EXCESS CABLE CAN BE EASILY DROPPED OUT OF SIGHT. THE HINGED ACCESS DOOR ALLOWS CORDS TO EXIT IN THE CLOSED POSITION AND SIGNALS THAT CONNECTIVITY IS CLOSE AT HAND.
