## More options.

Choose from one-of-four chair models. A variety of fabrics. Four arm styles. Over 100 ergonomic combinations. And your choice can be standardized for a consistent look in any office environment.

PLACES Wood: Natural on Maple. Tackboard Fabric: Kavalla Carrara. Seating: Accolade High-Back with Task arm, COM Unika Kaev with Black trim.

**Seat Height** A choice of mechanical or pneumatic mechanism, provides an adjustment range of 16" to 20.5" for creating the optimum seating angle between lower legs and thighs.

**Standard Forward Tilt** Allows the seat and back to tilt forward together an additional 7 degrees, helping alleviate leg and back strain.

**Tilt Tension** Simply rotate knob clockwise or counterclockwise to increase or decrease the tilt tension in recline mode.

**Task 2** Free range finger tip activation of movement up to 4". Height adjustability. A high-versatility option for managerial, executive, and clerical environments.

**Back Height** Locate the back cushion in any of five different positions within a 2" range for best possible lumbar fit and support.

**Back Lock** Select one-of-six comfort positions and lock in the setting; works with tilt tension control to minimize exertion needed to maintain balance.

High-Back with Task 2 arm.  
Fabric: Intaglio Gesso with Black trim.

**Advanced Forward Tilt** Gain up to 13 degrees of adjustment for both back and seat angle to enhance support during repetitive tasks. (not shown)

**Two Stage Seat Height** Extends the range of seat height by going .7" below standard when fully retracted and 1.9" above standard when fully extended. (not shown)
