

First Sight™ lounge seating, inspired by the design of steel-hulled ships in which holes are punched out of a single exterior skin, suggests fluid, single-piece shapes. A hint of the 1960s prevails, though the winding frame's materials and subtle tapers are decidedly modern. First Sight lounge seating features steel frames in metallic silver or white powder-coat and is available as a chair, settee, bench and stool/ottoman. *Designed by Mark Goetz.*
