Wood Seating

General Specifications

Features and Options	<p>Guest, occasional, and lounge models feature frames constructed solid hardwood, laminated plywood, laminated hardwood core and premium veneers, or rigid polyurethane.</p> <p>Office seating models feature an inner frame construction of tubular steel or solid hardwood or laminated plywood or molded plywood. Swivel bases are standard with hard dual-wheel casters.</p> <p>Exposed wood surfaces are finished with two top coats of pre-catalyst nitrocellulose lacquer for a durable finish.</p> <p>Refer to the appropriate seating model for applicable features and options.</p>
C.O.M. Requirements	The fabric yardage requirements for C.O.M. (Customer's Own Material) given for each model are in lineal yards and based on 54" (1372mm) usable fabric widths. To order a chair in a C.O.M. fabric, specify the chair in the Grade A price. For additional information and yardage requirements refer to www.Haworth.com .
C.O.L. Requirements	The leather square footage requirements for C.O.L. (Customer's Own Leather) given for each model are based on cuttings from 50 square foot hides of usable leather. To order a chair in C.O.L., specify the model in the Grade C price. For additional information refer to www.Haworth.com .
Flammability Requirements	Select chair models meet CAL-117 Standard and are available with an optional fire-retardant construction to comply with California Bulletin #133. Refer to the price pages for ordering information. Refer to the Matrix on page 255 for a listing of the approved fabrics.
General Guidelines for Product Specification	<p>Seating specification numbers are based on a numeric logic that identifies a product by model and certain characteristics.</p> <p>For instance, a product number that reads 4035-00 identifies the product as a Berlin Seating Series side chair with an open back.</p> <p>The numeric logic for this model with finish codes is shown below:</p> <div style="text-align: center; margin: 10px 0;"> <p>4035 - 00 , TA-705 , M2-83</p> <p>Berlin Seating Series, Open Back ————</p> <p>Four-Leg Base —————</p> <p>Arborea Fabric/Praline Color —————</p> <p>Maple, Open-Pore Lacquer/Classic Color —————</p> </div> <p>A ninth-digit suffix of the product code will indicate functional options, such as -F for fire retardant construction. There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.</p> <p>Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and finish codes in the sequence outlined on each price page.</p>
RUSH	Select seating models are marked with a ■ symbol to denote availability on the RUSH program. Refer to the fabric and finish options for each model. A maximum order quantity of 25 units applies to all contemporary RUSH seating models. Refer to the RUSH price book for further details.
Finishes and Fabrics	A complete listing of finishes/fabrics can be found on pages 253-257.
