

MF35SR

°MF35SR

MF35SR is a standard glass shelf support. The clean lines of the body offer a nice detail, while supporting up to 1" thick through-drilled glass.

° Product Information

cable size

1/8" 1.5 mm

maximum weight

1/8": 220 lbs. 100 kg

function

midway: glass, plexiglass shelves

installation instructions

Shelves: Drill 5/8" Ø hole in shelf at least 1.25" from edge of shelf, insert MF35SR in from bottom. Loosen safety cap almost completely; insert cable. Adjust the MF35SR up and down the cable to set and level the shelves.
