bariatric and special needs seating

Bariatric Collection • 508 Series

Perfect for lobbies and treatment rooms, Kwalu's Bariatric collection has a solid steel inner frame and firm cushions to accommodate up to 1000 lbs.

Bariatric Dining • 557 Series

Kwalu's Bariatric Dining collection is aesthetically designed to ensure that large residents and patients do not feel stigmatized when sitting in a bariatric chair.

Bariatric Seville • SVB Series

Generously sized and built for maximum stability and strength, the contemporary, stylish Bariatric Seville collection provides unmatched comfort for the larger individual.

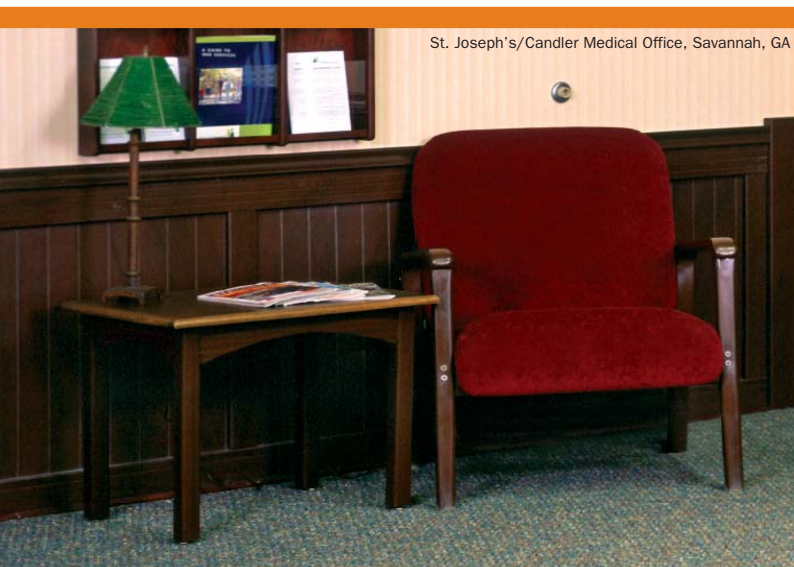

Aesthetically designed to ensure that large patients do not feel stigmatized in the dining room, Kwalu's stylish Bariatric Dining Chair withstands the higher weight requirements without losing its appeal.

Special Needs Seating

Kwalu's Special Needs collection has been intentionally designed to address the specific requirements of patients, residents and caregivers or medical staff. In addition to the Doctor's Stool, we also offer

the traditionally styled Commode Chair with removable seat. This cunning design allows the chair to function as additional in-room seating, while preserving the resident's dignity.

St. Joseph's/Candler Medical Office, Savannah, GA

Kwalu's bariatric seating is built to last in public waiting areas.
