

ALBANY COLLECTION

The Albany collection of casegoods embodies sensitive design elements to assist both residents with dementia and caregivers. With gently rounded tops and contrasting edging, these cabinets are exclusively for your Alzheimer's units, yet the same can be placed throughout your facility. The high-impact resistant polymer finish promises a hard-wearing, scuff-resistant surface that can be repaired in seconds –

no messy sanding and refinishing. The Albany collection is fire-retardant, as we share your concern for residents' safety. These products do not release VOC's, preserving the internal air quality of your facility. These low-maintenance products carry a 10-year warranty on construction and finish, guaranteeing that their thoughtful design will be appreciated day in, day out.

Available Options (See pp. 262-264)

- Dozens of hardware styles, including soft pulls
- Many wood-grained colors
- Contrasting edging recommended
- Inlays – choose from existing designs or create your own

Kwalu's full Environmental Statement, Technology Information and Available Options are available on our web site or contact us toll free at 1-877-695-9258.
