

vandalresistant
.....signalfixtures

ThyssenKrupp Elevator Americas

ThyssenKrupp

tough. secure. durable.

Our Vandal Resistant line of signal fixtures is specially designed for both new and modernized installations in challenging environments. Ultradurable materials make these fixtures the line of choice when extra protection is needed.

advantages.

- Fixtures are in full compliance with all National Fire Service Codes for both the U.S. and Canada.
- Braille plates feature highly durable, cast tactile markings that meet the most stringent requirements.
- Illumination is provided by LEDs for extended life span.

protection. reliability.

Vandal Resistant Signal Fixtures provide an extra level of protection and security for elevators subject to rough abuse and tampering or exposed to harsh environments. Designed to withstand damage and everyday wear and tear, ThyssenKrupp Elevator's Vandal Resistant Signal Fixtures are the right choice for high-occupancy public areas.
