2-SEAT MODULAR BENCH

OTTOMAN OR SINGLE
SEAT BENCH

UPTOWN GENERAL SPECIFICATIONS

Frame	Frame assembly is constructed of solid hardwood, and multi-ply hardwood, milled on 4 sides to 1" thickness. No sag-springs are installed in seat along with interlocking helicoil springs to prevent sagging and provide additional seat support. Each modular unit consists of two individual components bolted together.
Upholstery	Uptown benches are upholstered in choice of fabric, vinyl, crypton, leather or Customers Own Material. Upholstery: Foam is bonded to all sides of hardwood frame. Seat padding is 5" graded, high resiliency foam and back is 4" graded, high resiliency foam. After foam is applied each module is covered entirely with special bonded polyester fiber to protect final upholstery. ERG uses only waterbase glues and adhesives in all our upholstery process.
Plinth Base	Plinth Base replaces upholstery bottom with laminate instead of fabric. ERG offers over 1000 standard laminate choices from Wilsonart, Formica, Pionite and Nevamar.
Glides	Modular units and benches come with factory installed, 2" nylon glides in Black. Optional wooden legs are made of solid Maple wood and are finished in choice of four wood stain finish colors.
Warranty	ERG offers a lifetime warranty on all foam and frames.
