

Modern

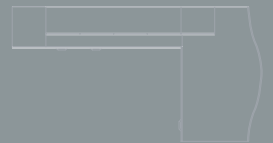

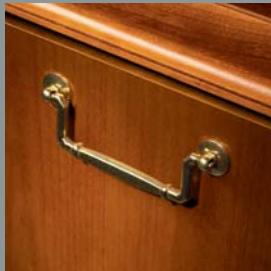

Suit your style, with modern drawer pull, edge detail, and desk shape options. These along with many other options support design statements ranging from understated to progressive.

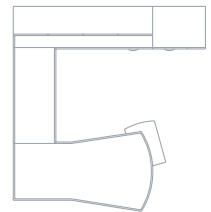

Classic

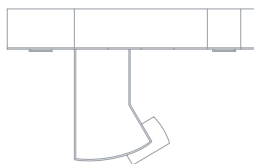

Define its personality, with classic drawer pull, edge detail, and desk shape options. Various transitional styles are possible with CaseWorks expansive offering of distinctive details.

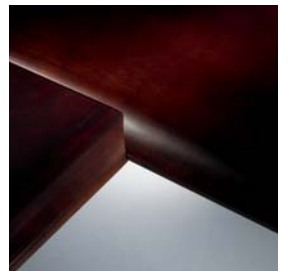

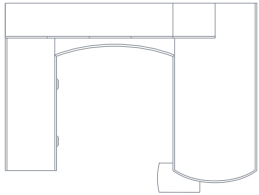

Efficient design: User friendly niches, towers, work tools, pedestals, wardrobes, files, overheads and bookcases encourage the smooth flow of work processes.

Compatibility: Modular components are easily specified and installed, and enable customization of workstations to fit within your office environment.

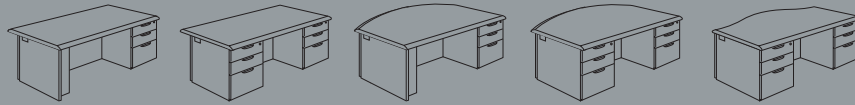

Flexibility: The configuration options from U-shapes and L-shapes to freestanding desk and workwall footprints, suit everyone in the office, in any type of office.

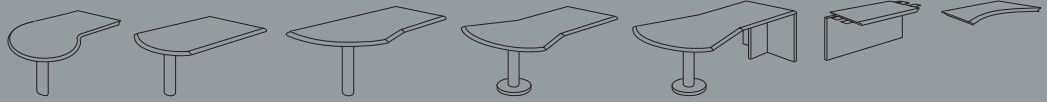

Tech support: The clean aesthetic is well-connected, with pleasingly designed and conveniently located power bars, wireways and grommets for cable management.
