

Jofco | Restore Lounge
Tolleson+Saul

Soft edges and graceful curves define Restore, Jofco's introductory healthcare seating line.

Arms are upholstered with arm cap, with or without an open arm grip.

Strategically designed for more leg room, Restore lounge seating features an open area below the seat.

Customize the waiting area with one, two or three seat versions coupled with guest, tandem, and occasional tables.

The expansive product offering covers public waiting areas and patient room applications.
