

**Jofco** | Tiper Operative & Executive  
Roberto Danesi

**Impeccable** modern styling for the executive office is the essence of Tiper.

**An abundance** of combinations begin with the choice of the strictly rectilinear panel leg or formed aluminum leg and support channel.

**Contrasting** materials include wood or glass tops in a variety of finishes and colors with aluminum accents such as the multi-purpose beam support.

**Accompanying** storage elements consist of open bookcases, mobile pedestals, and credenzas.

**Cupboards** with etched glass fronts reveal contents inside for maximum efficiency.

**Conference** tables with the unsurpassed materials of the coordinating office furniture complete the Tiper series.
