GENERAL INFORMATION

ORDERING

All faxed and mailed purchase orders must be signed. Signed fax orders are accepted at 423-587-8266. Phone orders are not accepted.

REQUIRED ORDER INFORMATION:

1. Sold to: Name, address, and phone number.
2. Purchase order number.
3. Ship to location: Name, address. Order will not be processed without this information.
4. Requested delivery date.
5. Contact name and phone number for order questions.
6. Special delivery instructions.
7. Call before delivery, inside delivery, etc. (will be additional charges).

ORDER PRODUCT SPECIFIC INFORMATION:

8. Style number
9. Quantity
10. Wood or Metal Finish
11. Upholstery selection
12. Laminate selection if applicable
13. Special instructions about construction and upholstery where applicable

See sample order form on the inside back cover of this price book.

C.O.M. (Customers Own Material)

When shipping, please mark all cover materials with the following:

- 1) Dealers or designer's name
- 2) Thonet acknowledgement number
- 3) Thonet style number
- 4) Purchase order number

SHIP ALL COM PREPAID TO:
5303 East Morris Blvd.
Morristown, TN 37813

PRODUCT WARRANTIES

Thonet has a long history of manufacturing fine commercial furniture. Every product is produced with the intention of providing many years of dependable service in the commercial furniture environment. If you should experience failure of our product due to manufacturing defects, please see the following product warranties.

- Chair Frames 10 years

- Fabrics and filling materials, as well as moving or mechanical parts, are not warranted by Thonet, but by the appropriate manufacturer.

METAL FINISHES

Refer to metal finish card on web site.

WOOD FINISHES

Standard Woodtones (W100)

WBF110 Natural
WBF112 Golden
WBF122 Medium Oak
WBF124 Chestnut
WBF126 Medium Brown Mahogany
WBF128 Dark Walnut
WBF131 Light Cherry
WBF134 Amber Cherry
WBF136 Royal Mahogany
WBF154 Black

* See WBF wood finish swatch card for sample of finishes.

Please note:

Wood finishes will vary due to inconsistencies in lumber and moisture; therefore we assume no responsibility for matches to exact tones. When matching to laminate patterns containing large variations in color, stain will be matched with harmonizing tone.

Custom Wood Finish and Color Matches

Add 15% per chair - \$50 list maximum per chair. \$650 list charge per table order. Sample of finish will be required for matching prior to production.

TEXTILES

For graded textiles, please refer to our web site: www.thonet.com, contact your local sales rep or our customer service department.

LAMINATES

The prices quoted in this catalog/price list are based on standard grade 1 laminates. Contact Customer Service for cross reference numbers to plastic laminate supplier numbers.

Tablets are standard in black matte laminate if laminate is not specified.

TECHNICAL BULLETIN 133 (CAL T.B. 133)

All fabrics, including Customer's own material (C.O.M.), must be pre-approved by the factory before order can be processed when TB-133 is required. Consult sales representative for approval arrangements. See page xii for more information.

FREIGHT DAMAGE

When you receive an order, please follow these few simple steps:

1. Thoroughly inspect all incoming orders.
2. If an item has been freight damaged, it is important to note the damage on the delivery receipt.
3. Call the carrier immediately to request an inspection and freight claim instructions.
4. Claims for concealed damage must be filed with the carrier within 15 days of receipt. Claims will not be honored if filed after 15 days of receipt.
5. If a shipment is received undamaged but is not what you ordered, call Thonet within five days of receipt.

Please note: Refusal to accept an order from the carrier does not relieve you of responsibility for payment, and may incur additional charges.

Minimum Freight Charge

Orders less than \$1000 net, a \$125 net charge will apply.

We offer three easy ways to handle freight charges:

For additional information regarding any of the above, please see DETAIL LED INFORMATION section in the following pages.

DETAILED INFORMATION

ORDERING INFORMATION

Authorized Dealers

Possession of this catalog/pricelist does not imply the right to purchase products illustrated and priced herein. Sales are confined to accounts established as authorized dealers, only.

Acknowledgements

Customer must notify Thonet immediately of any discrepancy between purchase order and acknowledgment; otherwise Thonet can accept no responsibility for manufacturing errors. Please use the Thonet control number when inquiring about your order.

Quotations

All quotations by factory or representatives are valid for 60 days, unless extended in writing.

Prices

Prices are per unit unless otherwise noted. Prices may change without prior notice. All prices are i) F.O.B. Origin, ii) exclusive of any duties and local, state or federal taxes and iii) exclusive of any freight, packing and shipping charges. In the event Thonet is required to pay any tax, fee or charge, customer shall reimburse Thonet therefore, or in lieu of such payment, customer shall provide Thonet at the time the order is submitted an exemption certificate or other document acceptable to the authority imposing the tax, fee or charge. Each invoice is independent from shipping sequence and disputes relating to other invoices.

Match-up Orders

If an order is to match a previous shipment, it must be clearly stated on the order. Please supply original invoice number and date. A sample product from the original order must be submitted prepaid to the proper factory to assure uniformity of finish and construction. Periodically materials are discontinued by our suppliers and requested materials cannot be supplied. In such event, customer will be notified and when possible provided with an option similar in material to the original order.

Design Changes and Manufacturing Improvements

Periodically we make changes to existing product designs in order to improve the general construction of our product. In this event, product may vary slightly from catalog photography. All dimensions shown in the catalog are approximate. Due to fabric buildup, width can vary as much as 3/4". We assume no responsibility for overall width and height unless item or groups are special ordered to fit an exact space.

We reserve the right to alter upholstery detailing based on the fabrics' suitability for tailoring. Pleats may need to be added or type of seams changed.

AGENT ONLY ORDERS

Thonet will only accept agent only orders if the principal agrees in writing to be responsible for payment and agrees to Thonet's terms and conditions. Payment to the agent does not constitute payment to Thonet, and Thonet will collect from principal if the agent fails to timely and properly pay Thonet.

SHIPPING INFORMATION

More than one item may be packed together for shipment and may be noted in the price list. Thonet reserves the right to change quantity packed without notice. The quantity packed is independent from price.

Minimum Freight Charge

Orders less than \$1000 net, a \$125 net charge will apply.

We offer three easy ways to handle freight charges:

1. Thonet Delivered Freight Program - All prices herein are for standard product. F.O.B. Origin, freight allowed pricing is listed. F.O.B. Origin freight allowed pricing is valid for deliveries within the Continental United States. For International, Alaska or Hawaii freight costs, please contact Thonet Customer Service at 800-873-3252. Thonet reserves the right to use its carrier of choice for all F.O.B. Origin freight allowed orders. Normal delivery is on a dock-to-dock basis. Special requests such as inside delivery, "call before", etc. should be noted on the customer's purchase order and are subject to additional charges.

2. Customer Designated Carrier - For customers electing to use their own designated carrier, a 3% discount will be applied to list pricing. Freight terms are F.O.B. Origin.

3. Customer Pick Ups - For customers wishing to pick up orders at our dock, a 3% discount will be applied to list pricing. Customers will be notified when product is ready. Pick up must be made promptly; any orders held longer than 7 days will incur storage charges. Whenever the term F.O.B. Origin is used, "Origin" shall mean the shipping point for

each item. The shipping point for each item is listed in the shipping point column. Abbreviations used stand for the following cities:

NPT Newport, TN 37821

MT Morristown, TN 37813

STORAGE POLICY

Once production has commenced (based on original ship date/delivery date requirement), we will provide our customer with a 3-week grace period during which customer will not pay storage fees, commencing from the time our product is currently scheduled to be ready for shipment.

In the event that a customer requests a ship date/delivery date delay outside of the 3-week grace period, storage charges will be applied to the order. The storage charge is 1.5% (product lines only) of the price of products stored for the first month and 1% of the products stored for each additional month. After one month, the rate will pro-rate to weekly. There is a minimum storage charge amount of \$350.00 for the first month and \$150.00 for each additional month.

A Storage Charge Agreement will need to be signed and returned by customer to customer service. Customers that are CIA (cash-in-advance) must pay for all storage charges prior to shipment of the order.

Shipments on Hold

Any shipment placed on shipping hold, either by customer's request or due to balances owed on this order, will be manufactured per the originally scheduled ship date. See **Storage Policy** above for fees.

Any manufactured order held by our factory over three weeks will be billed and must be promptly paid even though shipment is held at factory at dealer's request. Any charges incurred by Thonet for C.O.D. fees, inside delivery, etc. will be invoiced to the customer.

International Orders - All international orders are quoted F.O.B. Origin. All freight, duties, value added taxes, broker fees, port charges and insurance is in addition and will be the responsibility of customer unless specific arrangements are made in writing for any additional services by Thonet.

Air Freight Shipments - Thonet will not make shipments by air or express service unless previously authorized in writing by customer. Customer must be aware that airfreight charges for seating are calculated on dimensional basis and frequently equal or exceed cost of product.

FREIGHT CLAIMS

Unless otherwise agreed in writing by customer and Thonet, all orders are F.O.B. Origin, with title and risk of loss or damage passing upon the order being picked up by customer or customer's agents or carriers at the Origin. While we will do every thing possible to ensure your order arrives in good condition and on time, we cannot be held responsible for freight damage or delays.

OTHER TERMS AND CONDITIONS

Thonet's Terms Control

Customer's acceptance of shipment or performance and/or payment for any orders constitutes acceptance of Thonet's terms and conditions. Any additional, different or inconsistent terms proposed by customer must be agreed upon in writing by customer and Thonet, or are objected to in advance by Thonet. Thonet reserves the right, in its sole discretion, to refuse or reject any order at any time.

Terms

Payment is due net 30 days from date of shipment, subject to credit department approval. There will be a service charge of 1½% per month on all invoices past due. In the event Seller must use any collection agency, attorney or courts to effect collection with respect to amounts not paid by net 30 days from date of shipment, customer agrees, in addition to any other remedies provided herein, at law or in equity, to pay Thonet all reasonable and actual collection agency fees, attorney fees and court costs. If customer fails to make payment for orders or if in Thonet's opinion customer's financial condition or other circumstances do not warrant shipment, Thonet may, at Thonet's sole option, in addition to any other remedies provided herein, at law or in equity, require assurance of customer's ability to pay or cancel customers' orders.

New Accounts

Initial orders under \$5,000 require full amount in advance. Orders over \$5,000 require 50% deposit to release for production.

Please send full credit information and references, and allow time for Credit Department approval.

Taxes

Thonet requires a State Resale/Exemption Certificate on file in our main office. Sales made without a resale/exemption certificate will be charged the appropriate sales tax as required by law.

Set-Off

Customer shall have no rights of set-off with respect to any amounts owed by Thonet to customer.

Samples

Samples will only be sent when a customer places a firm order with Thonet. Samples must be paid for in full and cannot be credited or refunded under any circumstances.

Returns

If a product must be returned for repair or replacement, please contact Thonet to obtain approval for the return. Buyer may not return any products without Thonet's express prior written consent. Thonet will refuse products not approved for return in advance. Customer has the responsibility to appropriately pack returned products.

Cancellations/Changes

Orders may not be cancelled or changed without the written consent of Thonet, such consent may be withheld, granted or granted subject to conditions, service charges and/or price changes, in Thonet's sole discretion. Refunds of customer's deposits shall not be granted in any circumstances. In the event Thonet agrees to such a change or cancellation, Thonet may advise customer of the total charge for such change or cancellation, and customer agrees to pay such charges, including, but not limited to, storage and shipment costs, costs of producing non-standard orders, costs of purchasing non-returnable items, cancellation costs imposed on Thonet and its suppliers, and any other costs resulting from cancellation of this order by customer. Thonet may waive such costs in its sole discretion.

Delay

Seller shall not be liable for delays in performance caused by act of God, fire or other casualty, accident, strike, shortage of labor or materials, governmental action or any other cause beyond the Seller's reasonable control, and the time for the Seller's performance shall be extended by the period of such delay. No delivery dates for orders are guaranteed. Thonet shall not incur any liability, whether special, incidental, consequential or other, whether directly or indirectly, nor shall any order be cancelled because of delays in delivery.

Seller reserves the right to apportion its production among its customers as it may determine and any quoted delivery dates are estimated and are subject to change by Seller. Once production has commenced, the customer is required to take shipment. Customers will be charged public warehousing costs for completed orders that are delayed by customer. Thonet reserves the right to make delivery in installments, all such installments to be separately invoiced and paid for when due per invoice, without regard to subsequent deliveries.

Agent's Authority

Customer understands and agrees that no agent, employee or representative of Thonet has authority to bind Thonet to any affirmation, agreement, representation or warranty concerning the goods purchased

from Thonet. Customer further understands and agrees that such affirmation of fact, promise, or representation made by any agent, employee or representative of Thonet shall not constitute a warranty or agreement unless specifically approved in writing by an authorized officer of Thonet.

Accepted orders will be acknowledged and customer is responsible for immediately reviewing the acknowledgment and notifying a sales representative of Thonet or Thonet Customer Service at 800-873-3252 of any discrepancies.

LIMITED PRODUCT WARRANTY

Thonet warrants that its chair frames will be free from defects in materials and workmanship for 10 years from the date of the invoice to the original retail purchaser ("Owner") subject to the following conditions and limitations. Failure to comply with these conditions and limitations will void the warranty and result in denial of a warranty claim. This warranty is not transferable and applies only to the original purpose and installation. All warranty claims must be made in writing by the original Owner. Damage due to abuse, misuse, negligence, transit damage, accidents, normal wear and tear or improper or lack of maintenance is not covered.

Owner and any person owning products sold, delivered or manufactured by Thonet must perform and document inspections of all moving parts and joinery of all such products not less than every 90 days and as part of the inspection process tighten all bolts and fasteners and lubricate all swivels and mechanisms. Owner and any person owning such products must remove from service all such potentially defective products. Owner and any person owning such products shall use diligent efforts to maintain all such products.

In the event owner and any person owning such products fails to inspect such products as provided herein, fails to undertake diligent efforts to maintain such products or commits any act or failure to act that is negligent, reckless or willfully harmful with respect to such products in any degree, owner and such person shall indemnify and hold harmless Thonet for any claims, liabilities and expenses (including expenses and attorneys' fees) relating to such products.

Warranty is limited to repair or replacement of a defective product at the sole discretion of Thonet. Thonet will attempt to match color, but does not guarantee that finishes will match, particularly special finishes. Thonet's maximum liability under any circumstance shall be limited to the original invoice price to owner and shall not include any other charges including but not limited to lost revenue or profit due to lack of use, freight, handling, packaging, demurrage or storage. After 1 year, the maximum value of a warranty claim shall be limited to the

remaining useful life as is goods, or any liabilities that may be customary in the facility's financial statements regarding amortization or expensing of furniture assets or the useful life calculated pro rata as follows whichever is the shortest amortization time period: 0-1 years: 100%; 1 - 2 years 80%; 2-3 years: 60 %, 3-4 years: 50%, 4-5 years: 40%, 5-6 years: 20 %, 6-7 years: 10%, 7-8 years: 5 %, 8-9 years: 5%; and > 9 years: 0%.

Warranty repair or replacement will be made at no charge to Owner when defective products are returned to Thonet with freight and shipping prepaid, properly packaged to avoid damage in transit. Risk of loss of any items in transit from Owner to Thonet shall pass when received by Thonet. Risk of loss of any items in transit from Thonet to Owner shall pass when sent to Owner by Thonet. Thonet assumes no responsibility or liability for the removal of products requiring service and/or repair.

Warranty claims must be filed in writing within 30 days of discovery of the alleged defect. All warranty claims must be submitted to Thonet through the dealer of record who shall be solely liable to the end user for any dealer-installed products. In the event that the installation dealer is no longer in business for any reason, Thonet will have no liability for any product failure whatsoever.

The decision of Thonet on all warranty claims of \$50,000 or less shall be final. All disputes for claims greater than \$50,000 or which are unresolved after 90 days shall be resolved through arbitration before the American Arbitration Association in accordance with the CF Group Arbitration policy, which is available on request from Thonet. Each party shall bear its own legal fees, costs and expenses in connection with any arbitration.

Fabrics are warranted only to the extent expressed by their supplier and no warranty is made as to the selection, wear or aging of fabrics, finishes or filling materials.

Moving or Mechanical parts are warranted for 1 year or as expressed by their manufacturer. Thonet does not warrant that fabrics, finishes, filling materials, or moving or mechanical parts will conform to their manufacturer's representations or warranties.

All warranties not expressed in this document are disclaimed including without limitation any implied warranty of merchantability or fitness for a particular purpose. Under no circumstances shall Thonet be liable for any special, consequential, incidental, economic, indirect or other such damages, including, but not limited to, loss of profits, costs of procurement of substitute arise out of any products sold, manufactured or delivered by Thonet or any third party claims against any person made with respect to such products.

In any event, all such claims must be brought within one (1) year of shipment, regardless of their nature.

No representative of Thonet has the authority to modify or waive this warranty either verbally or in writing and only the CEO or CFO can approve any such recommended modifications.

Thonet provides products for the contract furniture market to the specification of the end user and as such relies upon the end user and their agents such as the dealer/installer or the designer to validate and test the suitability of the products or materials selected for any specific application.

INTELLECTUAL PROPERTY DISCLAIMER

When an order is for product(s) not in its standard line, Thonet's sole responsibility is to provide product(s) meeting the specifications of the customer or its agents and representatives. Thonet specifically disclaims any obligation to indemnify or defend customer, property owners, architects, designers, specifiers, customer agents or others for claims alleging infringement of trademarks, copyrights, patents, designs or any other issues collectively described as intellectual property. Customer confirms that it is the originator of specifications for this product and has clear title to said intellectual property and will indemnify and hold harmless Thonet for any claims, liabilities and expenses (including expenses and reasonable attorney fees) in connection with such infringement.

WARNINGS

Property owners and managers must make monthly inspections to look for signs of structural fatigue, such as cracks or looseness, incurred in daily handling and use. Inspections should become more frequent when chairs are over 3 years old, or whenever signs of frame weakness arise. Examinations must include, but not be limited to, structural joints, corner blocks, screws, fasteners, welds and any areas of stress. Missing leg glides or loose casters must be replaced. Chairs exhibiting any of the above should be removed from service and repaired to original standard, or discarded. Metal frame members bent at different angles from original are an indication of over stressing and could render frame unstable or prone to sudden failure. Chairs with bent frames should be removed from service; do not attempt to straighten. Rebending frames may further weaken metal and increase potential for failure.

FLAMMABILITY WARNING

Thonet's seating products incorporate flame retardant urethane foam meeting the

requirements of California Bulletin 117. All these components are flammable under certain conditions. Chairs stacked or concentrated for storage create additional hazards and can accelerate flame spread in a fire scenario. Do not expose seating to flame or heat such as from smoking materials, exposed lights, space heaters or other intense sources of heat or flame. Once ignited, chairs can burn, releasing heat, toxic fumes and smoke, while consuming oxygen. In an enclosed space, the resulting conditions can be incapacitating or fatal to human beings. Building managers should take appropriate precautions to protect occupants from fire sources and provide adequate detection systems, warning systems, sprinkler systems, and exits in the event of fire.

For detailed information about specific flammability test methods and results, write: Thonet
5303 East Morris Blvd.
Morristown, TN 37813.

Note 1: In the event that your fire protection engineers, your particular application or use, or prevailing codes require a higher degree of flammability protection than foam meeting California Bulletin 117, Thonet offers several alternatives: Code Red Foam, construction designed for California Bulletin 133 and Boston, Neoprene Foam, Vona fiberglass and other protective barriers. Consult the option page of this pricelist or your sales representative for current pricing.

Note 2: Due to the vast choice of upholstery covers with varying degrees of inherent flame retardancy and the availability of different flame treatments, specifiers and purchasers are responsible for evaluating the published data and selecting upholstery which addresses conditions of the installation, and meets applicable fire or building codes. Flame retardant treated COM (Customer's Own Material) is applied at customer's risk.

POLICY ON TECHNICAL BULLETIN 133

Several states and jurisdictions have adopted the full-scale flammability standards of Technical Bulletin 133 into their fire codes. Purchasers are required to consult local fire officials to determine applicability of TB-133 for specific projects. If the project is exempt from TB-133 standards, that must be so stated on the purchase order.

When TB-133 is required, seating must be constructed with additional barriers and flame retardant foams. Consult this price list for up charges or special quote. Limitations on fabrics and/or styles may apply. When C.O.M. must be treated for acceptance, cost of treatment will be charged to the customers account. Consult this price list for procedure. Customers who arrange their own C.O.M. treatments must obtain approval from Thonet of proposed treatment before the order will be manufactured.

Thonet has successfully tested a number of representative style and fabric combinations. Most fire authorities will accept these representatives without further testing. If local authorities require specific testing, or if historical data does not support the style/fabric combination being proposed for a project, then the cost of testing and sample preparation will be charged to the purchaser as described in this price list.

FATIGUE AND PRODUCT LIFE

The life of seating products is not pre-determinable but is influenced by degree of use and maintenance.

Multiple failures occurring after a period of years may indicate that seating has exceeded its safe, useful life and should be replaced to prevent injury.

CASTERS

Casters are not recommended on hard surfaced floors. Chairs may move too freely and lead to injury. Chairs with four casters are not recommended for elderly care or for persons with impaired ability to seat themselves.

OPEN BACK CHAIRS

Chairs with large openings in the back are not recommended where small children may be seated alone or left unattended (example: Food Courts, Fast Food installations, etc.).

CANTILEVER ("S") STYLE CHAIRS

Chairs with cantilever style frames are not recommended for areas of heavy or constant use such as fast food, sport complexes, casinos, or extended waiting areas. Variation in back heights may indicate frame has been overstressed and should be removed from service to prevent sudden collapse.

STORAGE

Furniture should not be stored in cartons for extended periods of time in high humidity areas. Products should be unboxed and stored in air-conditioned spaces to prevent a chemical reaction caused by the chemicals utilized in the flame-proofing process, and to prevent mildew.

DIMENSIONS AND SIZES

All seating dimensions shown in sales literature are approximate. Due to various fabric buildups, widths can vary as much as 3/4". We assume no responsibility for overall dimensions unless specific limitations are clearly spelled out on the purchase order.

PACKING

Seating is shipped rated cartoned (C) as indicated before the weight in the Weight Column of a particular item. Weight for two items per carton is indicated by (2) after the weight.

Weights may vary due to changes in cartoning or product design. If exact weights are required, please contact Customer Service.

DESIGN PATENTS

Product distributed and illustrated in current Thonet catalog and price list are covered by various design patent numbers. Thonet is a registered trademark in most countries throughout the world.

MISCELLANEOUS

Thonet's failure to strictly enforce any term or condition of an order or to exercise any right arising hereunder shall not constitute a waiver of Thonet's right to strictly enforce such terms or conditions or exercise such right thereafter. All rights and remedies under these terms and conditions are cumulative and are in addition to any other rights and remedies Thonet may have at law or in equity. Any waiver of a default by Thonet and shall not operate as a waiver of any other defaults or of the same default thereafter. If any provision herein shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not be affected or impaired thereby. The paragraph headings herein are for convenience only; the form no part of the terms and conditions and shall not affect their interpretation. These terms and conditions shall be binding upon, inure to the benefit of, and be enforceable by, the parties hereto, and their respective heirs, personal representatives, successors and assigns. Each party consents to the exclusive personal jurisdiction of the state and federal courts located in the State of Missouri for purposes of any suit, action or other proceeding arising out of this Agreement.

SEATING INFORMATION

STANDARD TEXTILE PROGRAM

Thonet offers eight grades of contract textiles and vinyl's available in a wide variety of colors and patterns. The price of products upholstered in standard textiles is calculated according to grade and includes the cost of upholstery material. When ordering upholstered products in a standard textile, indicate the textile number and color name.

**See our web site
www.thonet.com
for textile and vinyl list.**

Note: Not all patterns are approved for all Thonet product lines. Contact Customer Service.

COMBINATION UPHOLSTERY

A 10% up charge for C.O.M. or above highest grade for combination upholstery (2 or more materials) applied to the same chair or modular units will apply.

CUSTOMERS OWN MATERIAL

Thonet will upholster its products in material supplied by the customer. Thonet reserves the right to inspect and approve or reject all COM prior to order entry. When COM is accepted, Thonet assumes no responsibility for its appearance or quality. At Thonet's discretion, COM will be rejected when deemed unsuitable because of durability, pattern, stretch or any other quality, which inhibits application or detracts from the product's functional properties. Thonet assumes no responsibility for suitability or durability of COM.

The price of products upholstered in COM is calculated according to the COM price. For yardage requirements, see listing in the yardage column. This yardage is based on a 54" wide plain material.

Customer is responsible for determining COM compliance with fire codes or standards. Please Note: Consult Customer Service prior to COM selection for CAL T.B. - 133 compliance.

ACKNOWLEDGING AND PRICING WITH COM

A. Orders will not be entered unless a representative sample (12" x 12") accompanies the customer's purchase order.

B. COM orders will only be scheduled for production after receipt of material.

C. There will be a 10% up charge above COM price for combination upholstery (2 or more materials) applied to the same chair.

D. When COM is striped, patterned design, or non-stretch construction, an up charge of 20% will be added to cover additional cutting, sewing and upholstery labor.

SHIPPING, APPLICATION INSTRUCTIONS

A. On all orders specifying COM please supply the following: (1) A representative size sample of the fabric stippled to the order; and (2) instruction for striped, plaid, patterned or unusually designed fabrics, as how to apply the fabric (direction of stripes, Etc) and which face to use on reversible fabrics. In absence of such instructions, Thonet will apply the fabric in what it determines to be the best manner and cannot be held responsible after upholstering.

B. When shipping, please mark all cover materials with the following:

- 1) Dealer or designer's name
- 2) Our acknowledgment number
- 3) Our style number
- 4) Purchase order number

C. Ship ALL COM PREPAID to:

**5303 East Morris Blvd.
Morristown, TN 37813**

D. Orders specified with COM or COL material will not be assigned a shipping date until the material is received.

SPECIAL TEXTILE CAUTIONS

Chemical Reactions: Do not expose upholstery textiles to chlorine (including wet bathing suits and towel(s) or strong cleaning solutions - fading and deterioration may result. Cellulosic fabrics (cottons and rayons) are especially susceptible to damage from bleach. Flame retardant treatments may react with cleaning solutions, adversely affecting textiles. Test all cleaning solutions on a hidden section of fabric before applying to entire chair.

COM PRIOR APPROVAL DATA SHEET

A photocopy of the following form must be submitted with a 12 x 12 COM fabric for approval.

(This fabric approval is for the purpose of advising how to apply your COM fabric and to verify yardage required.)

SEATING CONTINUED AND TABLE EDGE DETAIL INFORMATION

UV Exposure: Textiles may be subject to fading or physical deterioration when exposed to sunlight or artificial UV sources. Olefin or polyolefin fabrics are especially susceptible to rapid deterioration in UV exposure. Do not use or store seating under these conditions.

CALCULATING COM YARDAGE REQUIREMENTS

A. 20% extra yardage should be included to allow for matching stripes or plaids. (See Pricing Upcharge).

B. 20% extra yardage should be included for combination upholstery (two materials). (See Pricing Upcharge).

C. All COM yardage based on 54" wide fabrics. COM yardage for one upholstered piece must not be in short sections.

D. COM fabrics may require other methods of cutting and more yardage may be needed than shown in the price list. This will be determined at the time the order is placed in production.

COL (Customers own Leather)

When supplying genuine leather an upcharge of 20% will be made over COM prices.

Thonet to purchase COM (Customers Own Material)

If Thonet is requested to purchase COM, this must be requested as a special quote. Once quoted it is no longer referenced as COM but identified by quote number.

DISCLAIMERS AND RESPONSIBILITIES FOR COM APPLICATIONS

A. Thonet reserves the right to refuse COM orders (or process without responsibility) where fabrics are not suitable because of pattern, weight, width, stretch, etc.

B. We assume no responsibility whatsoever for wearability of COM fabrics. They are applied totally at customer's own risk.

C. Only textiles meeting rigid contract specifications with stretch directions are suitable for upholstery using blind-tacking method. We reserve the right to upholster this material using exposed welting.

D. Due to the fact that all COM fabrics are hand-cut, yardage requirements may exceed those listed in the catalog. Thonet is not responsible for the disposition of any excess COM shipped to our facilities over that required by the original order.

E. Thonet assumes no responsibility for the flame retardancy of any COM. Customers are solely responsible for seeing that COM complies with all applicable codes and regulations.

Note: Most flame retardant treatments are salt solutions. Cleaning these fabrics with water or water-based foams will result in salt ringing. Solvent based fabric cleaners or dry cleaning are alternate methods of cleaning. However, you are cautioned to test proposed cleaning procedures on a small portion of fabric before proceeding with the cleaning of the entire installation.

MOISTURE BARRIER

Add \$22 per yard list.

STANDARD SEATING GLIDES

Seating items are supplied with glides as noted below:

Wood Seating:

109301 3/4" plastic glide-nail type (ST) \$8 per set of four

109334 1/2" or **109336** 11/8" nickel plated 3 prong glide appropriate for leg size \$8 per set of four

Wood Sled Base Seating:

109335 5/8" x 2" double tack oblong glide nail type (ST) \$9 per set of four

OPTIONAL GLIDES

Alternate glides are available at additional cost as follows:

Wood Seating:

109308 15/16" or **109342** 11/8" nickel plated rubber cushion glide-nail type, \$12 per set

109307 15/16" or **109338** 11/4" nylon rubber cushion glide-nail type, \$9 per set

Breuer Chair Metal Seating:

109325 black or **113927** clear plastic clip on glide (4604-4663), \$13 per set

TECHNICAL BULLETIN 133 INFORMATION

What is Technical Bulletin 133 (CAL T.B. 133)?

The State of California developed testing standards known as CAL T.B. 133 for the purpose of evaluating the flammability of furniture. This is not a test of the individual components but rather a full-scale fire test for the entire piece of upholstered furniture including the frame, foam and upholstery.

Facilities that may need to comply with T.B. 133:

The test was specifically developed for seating products used in high risk public areas such as healthcare facilities, nursing homes, penal institutions, auditoriums, public assembly areas, etc.

Who must comply with T.B. 133:

Several states and jurisdictions have adopted standards put forth for CAL T.B. 133 into their fire code. Specifiers and purchasers are responsible for determining if their local fire officials require T.B. 133 compliance.

All Thonet seating products are standard with foam meeting California Technical Bulletin #117. It is the customer's responsibility to specify fire retardant fabric to meet any fire codes. Thonet has the capability to meet California Technical Bulletin #133 when required, order must specify clearly. Call for quotation.

Note: All fabrics, including Customer's own material (C.O.M.), must be pre-approved by the factory before order can be processed when TB-133 is required. Consult sales representative for approval arrangements. Customer is responsible for all costs incurred for fabric treatments. Full scale testing, when required, will be charged to customer.

The following charges would be used once factory has identified required treatment and foam. For quoting without factory pre-rating, add all three fabric treatment up charges and Red foam up charge to product costs. Factory will still need to rate fabric and product before order can be processed and adjust price accordingly.

Fabric Treatments

- Addition of Flame Barrier with acceptable fabric
\$60 per yard
- Laminating Barrier to fabric
\$81 per yard
- Fabric Flame treatment
\$15 per yard

Foam up charges

- Pyroguard Foam (Red)
Add 15% List
- Pyroguard Foam (Yellow)
Add 10% List
- Neoprene Foam, Venar Lines or others will require special pricing.

Technical Bulletin 133 Burn Test Policy and Procedures

Cost for T.B. 133 Burn Test.....Call customer service for quote.

Note: If laboratory certification is required for California Technical Bulletin 133, the cost of the test, sample chair and transportation will be charged to purchaser at prevailing prices. Purchase order required.

ARCHON PATIENT AND VISITOR CHAIR

Beech molded plywood frames. Structural foam seats. Molded plywood back. Foam in upholstered seats and backs. Optional exposed polypropylene seat, with molded plywood internal seat. Seats available in "G" 415 Grieger or "B" 410 Black. Designed by Just Bernhard Meijer.

ORDERING:

- 1) Specify fabric selection.
- 2) Specify wood finish.
- 3) "P" partially upholstered styles specify exposed polypropylene seat color as prefix. Select either "G" 415 Grieger or "B" 410 Black. Example: GP301

CAPRICE - MAINFRAME SEATING SYSTEM (PATENT #5,277,476)

Designed by John Caldwell

A seating system which provides maximum flexibility in lounge seating.

RE-CONFIGURABLE

Componitized construction techniques allow for easy re-configuration in the field.

REMOVABLE COVERS

CAL T.B.-133

Meets the CAL T.B.-133 flammability requirements with approved Thonet and COM Fabrics. See page xii for additional information.

COMPLETE UNITS

Conventional freestanding lounge seating units including end panels, seats and backs.

MODULAR UNITS

Individual components - seats/backs, end panels, and center panels - specified for a custom furniture layout, such as layouts requiring panels between seats and/or connector tables.

CONSTRUCTION

Fully upholstered. Foam cushion seat, back, and arm panels. Wood seat frame and metal back frame mount to 1 1/2" square 11 gauge beams. Arm panels interior construction of 1" plywood. Maple wood plinth base, self-leveling glides standard.

MOISTURE BARRIER OPTION

Helps protect from deterioration and bacteria. Add \$22 list per yard up charge.

ORDERING:

1) When specifying modular units a floor plan is required to ensure proper positioning of components.

2) A maximum of three seats is allowed between end panels when specifying modular configurations.

Example:

3) When specifying connector tables, specify left arm table or right arm table relative to the seat.

Example:

3a) When specifying end tables, specify either a left arm table panel or right arm table panel.

4) Specify left or right arm panels as if facing the unit.

5) Must submit COM sample for approval.

6) Specify "O" Open back, or "C" Closed back in the 5th

Exempl	M	A	1	1	<u>Q</u>
	1	2	3	4	5

7) Specify "W" wood armrest in the 6th position. Add noted up charge.

Exempl	M	C	1	1	0	<u>W</u>
	1	2	3	4	5	6

8) Specify wood finish for solid maple wood plinth base or T-mold Black plastic plinth base option.

9) Modular units are indicated as shaded grey areas. Drawing indicates use.

10) COM must be 54" wide.

CX Bolt Down Plates

Description

Unit Price

CXBD1

Single Unit Bolt Down Kit

45

Consists of four (4) small plates and four (4) machine screws.

Hardware for attachment to floor not included.

CXBB5

Back-to-Back Bolt Down Kit for Modular Units

85

Provides 6 1/2" spacing between back-to-back rows.

Hardware for attachment to floor not included.

ESPREE (ARM/LEG BETWEEN SEATS)

These components are arranged to form a single unit or arrangements of up to four units. Standard configurations listed, special configurations available upon request. Solid Maple frame. Foam in upholstered seat and back. Sinuous spring seat support. Wood veneer or standard plastic laminate tops with shaped wood edge, see edge detail on page x. Vel-cro® removable seat covers optional. Designed for Thonet by Beck & Beck.

ORDERING:

- 1) Specify wood finish.
- 2) Specify fabric selection.
- 3) Specify for table tops, wood veneer "W" or "L" laminate (select standard gr. 1 laminate color) as a suffix. Example: 4152AW
- 4) Specify Vel-cro® option with "V" suffix and add \$34 list up charge per seat. Example: 4152AWV

JANAH - MAINFRAME SEATING SYSTEM (PATENT #5,277,476)

Designed by John Caldwell 1992

A seating system which provides maximum flexibility in lounge seating.

RE-CONFIGURABLE

Componitized construction techniques allow for easy re-configuration in the field.

REMOVABLE COVERS

CAL T.B.-133

Meets the CAL T.B.-133 flammability requirements with approved Thonet and COM Fabrics. See page xii for additional information.

COMPLETE UNITS

Conventional freestanding lounge seating units including end panels, seats and backs.

MODULAR UNITS

Individual components - seats/backs, end panels, and center panels - specified for a custom furniture layout, such as layouts requiring panels between seats and/or connector tables.

CONSTRUCTION

Fully upholstered. Foam cushion seat, back, and arm panels. Wood seat frame and metal back frame mount to 1 1/2" square 11 gauge beams. Arm panels interior construction of 1" plywood. Maple wood plinth base, self-leveling glides standard.

MOISTURE BARRIER OPTION

Helps protect from deterioration and bacteria. Add \$22 list per yard up charge.

ORDERING:

1) When specifying modular units a floor plan is required to ensure proper positioning of components.

2) A maximum of three seats is allowed between end panels when specifying modular configurations.

Example:

3) When specifying connector tables, specify either 45 or 90 degree table.

Example: MJ290T

3a) When specifying end tables, specify either a left arm table panel or right arm table panel as if facing unit.

4) Specify left or right arm panels as if facing the unit.

5) Must submit COM sample for approval.

6) Specify "O" Open back. or "C" Closed back in the 5th position.

Example:

M	J	2	1	<u>O</u>
1	2	3	4	5

7) Specify "W" wood armrest in the 6th position. Add noted up charge.

Example:

M	J	2	1	0	<u>W</u>
1	2	3	4	5	6

8) Specify wood finish for solid maple wood plinth base or T-mold Black plastic plinth base option.

9) Modular units are indicated as shaded grey areas. Drawing indicates use.

10) COM must be 54" wide.

JANAH MAINFRAME (J2) LARGE SCALE (PATENT #5,277,476)

Fully upholstered. Foam cushion seat, back, and arm panels. Wood seat frame mounts to 1 1/2" square 11 gauge beams and metal back frame mounts to 1 1/2" square 11 gauge beam. Arm panels interior construction of 1" plywood. Tables with exposed ply edge in standard laminate or wood veneer. See edge detail on page xi. Solid Maple wood plinth base, glides standard. Designed by John Caldwell.

ORDERING:

- 1) When specifying modular units a floor plan is required to ensure proper positioning of components.
- 2) A maximum of three seats is allowed between end panels when specifying modular configurations.
- 3) When specifying connector tables, specify left arm and right arm table panels at either end of top.
- 4) Specify left or right arm panels as if facing the unit.
- 5) Must submit COM sample for approval.

- 6) Specify "O" Open back, or "C" Closed back in 5th position: Example: MJ21C
- 7) Specify optional "U" Upholstered armrest caps or "W" Wood armrest in 6th position. Add \$104 each arm for all armrests. Example: MJ21CW.
- 8) Specify wood finish for solid Maple wood foot.
- 9) Modular units are indicated as shaded grey areas. Drawing indicates use.
- 10) Specifying wood edge Connector Tables: "L" Laminate (select gr. 1 laminate) or "W" Wood veneer (select wood finish) in 7th position.

MEDIA 2 - TABLES

All tops standard in reverse diamond maple veneer. Table tops can also be specified in straight grain veneer. Matte aluminum rounded elements. Tops are 1 3/4" thick. Tables ship assembled. Design by David Allan Pessio.

See pages 38, 39, and 64 for coordinating seating units.

Note: Media 2 table leg options are round leg or tapered leg. Choice of leg style and height is determined with Catalog Number.

ORDERING:

1) Specify wood finish.

ATTIVA™ SYSTEM 1 PATENT #D333,044

1/2" steel wire frame supports a flexible polypropylene shell secured with ABS plastic molded and steel strap supports. Upholstered option of foam padded seat and back shell inserts with polypropylene interior. Arm option features one piece contoured flexible arm in polypropylene. Front stretcher standard. Styles T5000, T5002, T5003, and T5005 stack 10 freestanding and 20 on the appropriate dolly. Contact Customer Service for information on special color and F.R. Specs. Designed for Thonet by Jerome Caruso.

ORDERING:

- 1) Specify metal frame finish Polished Chrome, Satin Chrome or Powdercoat (specify Powdercoat color, see web site for finish colors). Add \$68 list up charge for Polished Chrome. Add \$90 list up charge for Satin Chrome.
- 2) Specify optional polypropylene color arm with prefix "B" 410 Black, "E" 356 Medium Grey, "S" 361 Sand, "R" 503 Red, "U" 362 Burgundy, or "L" 363 Blue.
- 3) Specify polypropylene shell color with three digit number 410 Black, 356 Medium Grey, 361 Sand, 503 Red, 362 Burgundy or 363 Blue.

#5011 glides recommended for chairs used on hard surface flooring. Glides should be factory installed, specify glides if needed.

Note: Shells can be ordered to be CAL T.B.-133 compliant. Call Customer Service for quote and minimums.
