Endure®

Mobile Docking Table

Organized Living

The Endure Series features a docking system to give you the freedom to go with your workflow. Roll and lock them onto the end of two workstations and instantly, you have a shared work space. Roll them away and you have stylish free-standing tables.

Seating by Harter

Workstations and adaptable workstations with full modesty panels and under top flipper door hutch

Workstations with 2/3 modesty panels, adaptable flair peninsulas and under top flipper door hutch

Extended corner workstations and adaptable workstations with full modesty panels, under top flipper door hutch and metal mobile pedestals

Here's How it Works

This Series features a system of surface and leg grommets, snap-on wire management trays and legs with lift-off covers to effectively conceal and channel cords vertically and horizontally. For privacy, modesty panels are available in your choice of 2/3 or full height to suit your needs, and are fully removable when outlet access is needed.

Extended "P" Peninsula

Elements of Style

Extended "P" Peninsulas add interest as well as extra space to any office. The additional room can easily handle large projects or small meetings.

Extended corner workstations with 2/3 modesty panels, mobile docking table and under top flipper door hatches

Workstations and adaptable workstations with full modesty panels, adaptable flair peninsulas and under top flipper door hatches

Radius corner workstations and adaptable workstations with 2/3 modesty panel, privacy panels and double door armoire

Space Solutions

Locking Single or Double Door Armoires mean employees have enough secure space to store coats or briefcases. Under Top Flipper Door Hatches feature doors that roll in instead of over the top, providing a convenient and attractive storage solution.

Endure Flair Peninsulas

The adaptable, durable Peninsula

Do Business with a Flair

With a single stretch, Flair Peninsulas give your office more style and substance.

Two versions, adaptable and extended, provide more workspace and a distinct look.

Extended corner workstations with 2/3 modesty panels, mobile docking table and under top flipper door hutches.

Workstations and adaptable workstations with full modesty panels, adaptable flair peninsulas and under top flipper door hutches

Radius corner workstations and adaptable workstations with 2/3 modesty panel, privacy panels and double door armoire

Built to Last

The remarkable durability of The Endure Series is maintained through superior construction of A-grade components. High-pressure laminated tops and single-groove, t-mold edge treatments are tough enough to resist scratches and dings. Powder coat epoxy paint on metal understructures can take a full measure of scuffs and bumps and still look new. A broad palette of colors, paint finishes and edge treatment colors is compatible with any office environment.
