

CALOR-N

Everything you would expect to find in a Benithem® chair can be found in impressive form in CALOR-N. Every chair is customizable with a wide selection of functions to suit users. Each function is ergonomically perfected for superior comfort and convenience to meet the demands of any office environment. Refreshed aesthetics with a choice of colour and finishing complement almost any interior. CALOR-N complies with BIFMA standards that ensure all technical requirements are fulfilled. It's no wonder that CALOR-N is a popular choice and a bestseller in its class.

>
Contoured backrest of injection molded foam provides adequate cushioned support and durability as it retains its shape and support after continuous use. Premium quality upholstery and fine stitching workmanship define the high standards of Benithem® thanks to advanced technology and skills.

>
Adjustable armrests in 7 lockable positions are ideal for working with computers and reduce muscle fatigue during long working hours.

<
60mm front rear armrest adjustment aid intensive working postures and enable users to find a naturally comfortable position that supports the wrists, forearms, shoulders and neck. Soft Polyurethane (PU) pad with 15 degrees Rotate-able angle provide cushioned comfort.

<
BIFMA standard approved sleek 5-pedestal chair base with 60mm castors available in nylon or aluminium die-cast enable user to glide and swivel in any direction.

<
Armrests are customizable with T-arm or V-arm design for visual aesthetics. Wider and rounder arm pads better support user's dimensions and tasks performed.

<
Point synchronized technology using Synchron multi locking mechanism makes it possible to achieve perfect balance in every seated position. The synchronized adjustment of the backrest and seat in the ratio of 2:1 ensures complete comfort. Seat has sliding mechanism for forward extension to allow small or tall users to adjust the distance from the backrest.
