> Adjustable armrests in 7 lockable positions are ideal for working with computers and reduce muscle fatigue during long working hours.

> Armrests made of Polypropylene (PP) are more durable and reliable for long-term use.

< Point synchronized technology using Synchron multi locking mechanism makes it possible to achieve perfect balance in every seated position. The synchronized adjustment of the backrest and seat in the ratio of 2:1 ensures complete comfort.

< Seat base and back rest base features new reinforced plastic shell designed from an original mould, creating a look of stylish precision with unique authenticity.

< Flat nylon 5-pedestal chair base with castors enable user to glide and swivel in any direction.
