COFFA

Sheer Simplicity

The look of grace. The role of colour. Available in a wide selection of refreshing colours, COFFA not only personalizes your style but also defines who you are. Enhanced ergonomic features ensure COFFA will work harder for you than any other component in your office. And that's a promise. Thanks to advanced technology and sleek good looks created by a distinctive square edged profile, users enjoy extraordinary comfort during long seating positions. Reliable and functional, here is a chair that is simple yet performs more complex functions than any other task chair you've seen.

Sheer Style

Backed by a reinforced backrest base of new plastic shell designed from an original mould, COFFA has a look of stylish precision detailed with added vertical lines for distinctive allure. The backrest height is easily adjustable when seated to suit users of different stature. A slimmer profile backrest completes the look of understated elegance.

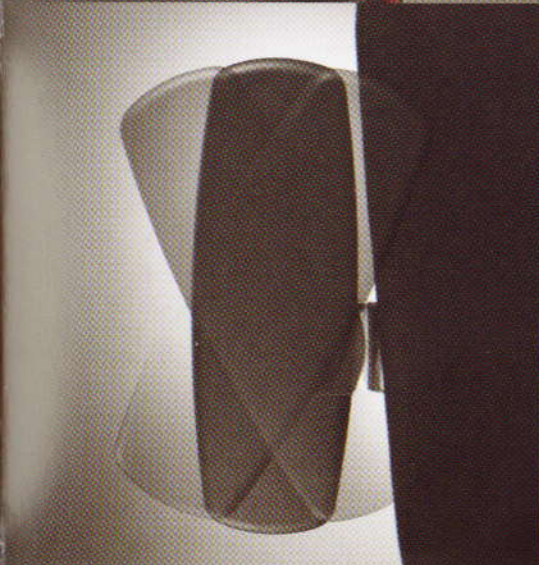

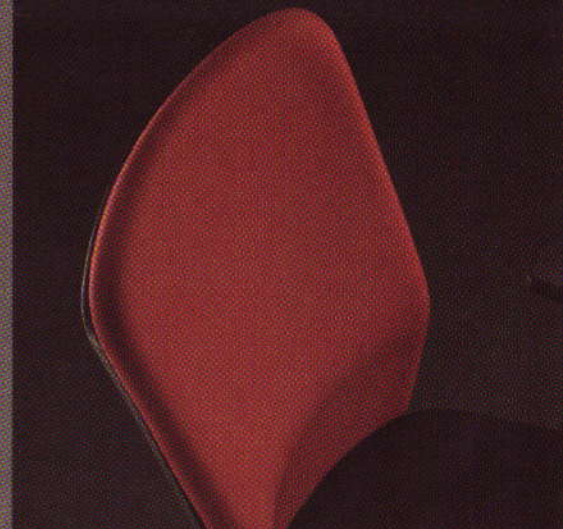

benithem®

< The contoured backrest and seat of injection molded foam provides adequate cushioned support and durability as it retains its shape and support after continuous use. Premium quality upholstery and fine stitching workmanship define the high standards of Benithern® thanks to advanced technology and skills.

> Seat has waterfall front to reduce pressure on back of thighs and enable good blood circulation.

< Point synchronized technology using Synchron multi locking mechanism makes it possible to achieve perfect balance in every seated position. The synchronized adjustment of the backrest and seat in the ratio of 2:1 ensures complete comfort.

<< Soft Polyurethane (PU) pad with 15 degrees Rotate-able angle provide cushioned comfort.

< Adjustable armrests in 7 lockable positions are ideal for working with computers and reduce muscle fatigue during long working hours. PP armrests are durable and reliable for long-term use.

> Sleek 5-pedestal chair base with 60mm castors available in nylon or aluminium die-cast enable user to glide and swivel in any direction.
