<< 60mm front rear armrest adjustment aid intensive working postures and enable users to find a naturally comfortable position that supports the wrists, forearms, shoulders and neck.

< Contoured backrest of injection molded foam provides adequate cushioned support and durability as it retains its shape and support after continuous use. Premium quality upholstery and fine stitching workmanship define the high standards of Benithem® thanks to advanced technology and skills.

<< Soft Polyurethane (PU) pad with 15 degrees Rotate-able angle provide cushioned comfort.

< Adjustable armrests in 7 lockable positions are ideal for working with computers and reduce muscle fatigue during long working hours. Polypropylene (PP) armrests are durable and reliable for long-term use.

<< Point synchronized technology using Synchron multi locking mechanism makes it possible to achieve perfect balance in every seated position. The synchronized adjustment of the backrest and seat in the ratio of 2:1 ensures complete comfort. Seat base and backrest base features new reinforced plastic shell designed from an original mould, creating a look of stylish precision with unique authenticity.

< Sleek 5-pedestal chair base with 60mm castors available in nylon or aluminium die-cast enable user to glide and swivel in any direction.
